Romulus Seeks Airport Parking Violation Fines

REMODELING FOR NEW 34TH DISTRICT COURT—The Old Hale Elementary School, located at 30254 Eureka Road, Romulus, is being renovated and remodeled as the new site of the 34th District Court now temporarily housed in Van Buren Township Hall. Checking initial phases of work by carpentry crews are left to right Alfred J. Perry, township clerk; Owen Richardson, building inspector; Earl Jefferies, Urban Renewal inspector and Jack Gant, building inspector. The court embraces the areas of Belleville and Romulus.

Romulus Miss to Lead An Experiment Group

ROMULUS—Miss Sharon Senk, graduate student at Wesleyan University, has been appointed to lead an Experiment group to Colombia during the summer of 1969.

The announcement comes from Gordon Boyce, president of The Experiment in International Living, Putney, Vermont.

Miss Senk is the daughter of Mr. and Mrs. Henry Senk of 27925 Northline Road.

Following her graduation from the University of Michigan in 1965, Miss Senk served two years in Colombia

as a Peace Corps Volunteer. Her work involved a teacher training program in the cities of Bogota, Medellin and Popayan.

Last year she taught mathematics at Franklin Junior High School in Wayne. She has traveled extensively in Central America and Mexico.

MISS SENK will play an important role this summer in a program involving more than 2,000 persons. The program lasts for approximately two months.

Lenten Season

(Editor's Note: The following article is the fourth in a series of Lenten Sermons by area pastors and leading churchmen. This week's article was submitted by Rev. Joseph F. Kernosek, pastor of St. Aloysius Catholic Church, Romulus.)

PALM SUNDAY

It is in the face of death that the riddle of human existence grows most acute. Not only is man tormented by pain and by the advancing deterioration of his body, but even more so by a dread of perpetual extinction. He rightly follows the intuition of his heart when he abhors and repudiates the utter ruin and total disappearance of his own person.

He rebels against death because he bears in himself an eternal seed which cannot be reduced to sheer matter. All the endeavors of technology, though useful in the extreme, cannot calm his anxiety; for a prolongation of biological life in unable to satisfy that desire for a higher life which is inescapably lodged in his breast.

What does man fear more than death? What else is there that he has not conquered? What is more inevitable? There is no answer to man's dilemma except Christ.

CHRIST'S REACTION to death is not a cry of despair but a cry of hope. The words of today's Introit hymn "My God, My God, why have you forsaken me?" are part of an entire Psalm which ends with victory and life for the Suffering Servant of Yahweh.

This section of the epistle of Paul to the Philippians was a hymn used in the liturgical worship of the early Christians. Paul uses the hymn to encourage the Philippians to a Christ-like humility and charity. Because Christ freely chose to be like us He is said to have taken on the conditions of a slave. His death was a final act of humiliation. The Father, in turn, raised him up and gave him a name above every name...

Township Wants Pact With County

34th District Court Holding Costs Assessed in Escrow

BY HENRY CANTIN
ANP Staff Writer

ROMULUS—An agreement determining final distribution of fines assessed against parking law violators at Metro Airport is under study by Romulus Township Administrators.

Fines currently are being collected by the newly created 34th District Court, temporarily housed in Van Buren Township Hall.

Prior to Jan. 1, 1969, the persons ticketed at the Metro Airport were directed to appear before the Justice of the Peace of Romulus Township (since abolished) or to pay the sum of \$2 per ticket to him.

The justice remitted the full amount of the fines realized to the county which in turn reimbursed the justice at the rate of \$2 per ticket.

"Since Jan. 1, of this year when the Act creating the new District Court went into

effect, the situation has become confused, John E. Young, township attorney, reported.

"The sheriff Department has been issuing tickets for breach of rules and regulations as before but has directed the persons ticketed to appear before the 34th District Court. We understand that this court has been holding all fines realized in escrow pending resolution of the question of the proper distribution," Young said.

Young dispatched a communication to Wayne County Road Commissioners, operators of Metro Airport, asking for a meeting with or without the presence of the township attorney in order to discuss the handling of parking tickets at the airport.

HE POINTED out that currently parking tickets are issued under a contract between the county and road commission under which the Sheriff Department writes the tickets. It was reported that (See Township, Page 3)

Romulus Sergeant Gets Flying Cross

ROMULUS—Staff Sergeant Joseph R. Basilisco was recently notified that he will receive the Distinguished Flying Cross upon his return to the United States.

JOSEPH R. BASILISCO

"The outstanding heroism and selfless devotion to duty displayed by Sergeant Basilisco reflect great credit upon himself and the United States Air Force.

Basilisco is the son of Mr. and Mrs. Marco Basilisco of 35293 Eureka Road.

The citation to accompany the award reads as follows:

"Staff Sergeant Joseph R. Basilisco distinguished himself by heroism while participating in aerial flight at Katum, Republic of Vietnam on June 25, 1968.

"On that date, Sergeant Basilisco's aircraft was hit by heavy hostile ground fire and erupted into flames. Only by the highest degree of airmanship and outstanding personal courage was the aircraft landed and the lives of all on board saved.

Huron Students Land Hand in Seal Drive

NEW BOSTON—The Huron School Student Council has decided there were many ways in which they could assist the current Easter Seal Campaign for Handicap Children and Adults.

However, the one project they finally approved was rather unusual.

One generally thinks of do-nuts as a quickie for a speedy breakfast, or perhaps having coffee or milk and do-nuts as a snack during a business meeting in the evening.

The Huron Students can enjoy the substitute breakfast at lunch time by assisting the

Student Council by purchasing the goodies.

The do-nut sale will continue all week long through Friday March 28. Orders will be taken should anyone be interested in buying them by the dozen. Call 782-1436...for quick and prompt service.

The New Boston Rotary Club sponsoring the Easter Seal Campaign extends a welcome hand from anyone interested in raising funds for this worthy cause.

LENDING A HAND—Students of Huron High School assisting Huron Township's annual Easter Fund Drive Chairman Luke Wegienka. Left to right are Carol Gall, Helen Savel, both junior high students; and Vickie Rush, a senior high student.

FIRST APPLICATION—Huron Township is currently installing a new sanitary sewer program, a \$4,950,000 sanitary sewer improvement project. Above is shown the issuance of the township's first sanitary sewer application filed by the Huron Sportsman Association. Left to right are Miss Catherine Balog, clerk in the Water and Sewer Department, Charles LeValley, local conservation officer; and Russell Wilson, treasurer of the sportsmen club.

Romulus Charter Board Hears Views of UR Head

ROMULUS—In the absence of invited guests, the Police and Fire Chiefs of a neighboring community, George Wilhelm, Romulus Urban Renewal director, spoke to the Romulus Charter Commission last Wednesday evening (March 19).

Speaking from his experience in working in a similar position in two other Michigan communities, Wilhelm said that he employed as the right hand man of the mayor if the strong mayor form of government is chosen.

He would be the leg man between the mayor and the departments, thus avoiding so many departmental heads reporting to mayor and council.

Wilhelmi advocated breaking the departments into smaller departments.

each having a head. Let's say, for instance, the eight larger departments would be broken down into sub-departments, each sub-department head reporting to the larger department head.

For example, the Public Safety Department could get the report of the Fire Department, Police Department, etc. subheads and encompass these into a single report. This is better, said, than having 20 departments making 20 reports, and thus consuming more time of the mayor and/or council.

WILHELMI THOUGHT we should spell out as much as possible to whom people are to report and where responsibility lies.

He suggested, too, that

Romulus look into the ward system of council representation for a city because most of the people in Romulus, according to present zoning, will live north of the I-94 Expressway and most industry will be to the south of it.

A ward system for Romulus might select two nominees from each ward in the primary election, with all the voters voting for one man from each ward in the election. Then all areas of the city would be represented.

Action was taken by the commission to hire a secretary to record proceedings when the charter is being written and to interview attorneys for the position of advisor to the commission of the legal terminology as it is being written.

Additional action to print 10,000 Citizen Survey questionnaires for distribution to mail to the registered voters of the Township was also taken.

The surveys are to seek out the voters' feelings regarding important charter provisions.

Tonight (Wednesday) the commission has invited Mayor John Canfield of Dearborn Heights and the Police and Fire Chiefs of that city to speak.

Citizens are welcome to attend the meeting which begins at 7:30 p.m. in the Water Board Building, Bibbins and Sterling Streets.

Township Alerted on House Bill

ROMULUS—Romulus Township stands to lose from \$200,000 to \$300,000 in tax revenue if a pending House Bill No. 2306 is enacted by Michigan State Legislators.

An alert on the possible loss of this revenue and recommendation to seek its defeat was sounded last week by Edmund Bizek, (D) of Romulus and 24th District's representative to the Wayne County Board of Supervisors.

Bizek's alert and recommendation was presented to the Township Board.

Bizek reported that the bill would exempt from township tax all air carriers' real estate, appurtenances, rolling stock, and all other (See ALERTED, Page 3)

TEACHERS COMPARE CURRICULUM—Teachers from Belleville Junior High School and St. Anthony's Catholic School of Belleville held a joint meeting last week and compared and discussed school curriculum. Left to right are: Sister Mary Raymond, Mrs. Helen Nass, Mrs. Judy Rosemergy and Mrs. Janice Fry. Kenneth Youngert is sitting with back to camera.

Public School Improvement Need is Cited by Educator

James F. O'Neil, of Livonia, treasurer of the State Board of Education, has written Governor Milliken and the state legislative leaders regarding Public Schools versus Parochialism.

Michigan teachers rank 11th in the nation in average salaries by contrast.

Our students rank 29th in the National Merit Scholarship Exams.

The state ranks 23rd in its dropout rate (which has actually increased rather than decreased over the past five years to the extent that one out of four ninth graders

Job Corps Service Opens in Taylor

TAYLOR—A Job Corps service will be opened (tomorrow March 27) in Taylor to help girls lacking work skills and the financial means to acquire training.

The office of W.I.C.S. (Women In Community Service) will be located in the U.C.S. Building at 24365 Van Born, two blocks west of Telegraph; for the purpose of interviewing and screening girls interested in joining Federal Job Corps.

The office will be open Thursday of each week from 10 a.m.-4 p.m. telephone 274-7122. Should additional hours be necessary office time will be extended.

The Detroit office is open five days a week and will accept messages or answer questions from interested girls or their parents by calling 962-8933.

JOB CORPS is for girls (16-22) out of school out of work and in need of training to obtain employment.

For those who qualify it will be an opportunity to earn while they learn in a supervised college type atmosphere, away from home, sharing living experience with hundreds of other girls from different parts of the country, working closely with capable teachers that let a girl progress according to her ability. Providing medical and dental care where needed and necessary clothing.

Training courses cover a minimum of six months up to two years in preparing the student for one of forty two programs available, such as Cosmetology, Nursing, Medical Technology, Sewing, Secretarial skills or Veterinary aide.

FOR THE school dropout there will be an opportunity to acquire the equivalent of a High School diploma, all girls receive training in basic home making. Students are provided with recreational programs that include field trips, dances, TV, movies and sports. She may attend the

Warning Issued on Vandalism

BELLEVILLE—Parents are liable for damages incurred by acts on vandalism of their children, police warned Monday.

Persons arrested for such activity will be vigorously prosecuted if police investigation proves them to be responsible, both city and state police officials stated.

Belleville has had several recent instances where paint and obscene language was splattered and written on area homes and property.

The latest incident was that of someone writing obscene language on a sea wall, located at 500 Libert Street.

A reward of \$100 for the arrest and conviction of the person or persons responsible has been offered.

Anyone with knowledge that will lead to the guilty party is asked to mail it to Box 192, Belleville Post Office.

Romulus Trustees OK Payment of Tuition

ROMULUS—The payment of tuition not to exceed \$150 for any Township Board member desiring to attend university or an accredited school was approved by Romulus Township Board of Trustees.

The tuition authorization was approved on motion of Trustee Ellis T. Pennington, who was supported by Trustee Roderick Smith.

It called for such payment if the schooling or course taken enables the board member to better perform his elected responsibilities to the Township. The motion passed by a 5 to 1 vote. Trustee James Stewart voted against.

Board action followed the approval of a petition made by Mrs. Helen Gallien, secretary of the Township

Treasurer Joseph Wallis, who requested the township to pay \$47 for an accounting course she was signed up for.

The resolution was referred to the general government committee for further study.

Alfred J. Perry, township clerk, then asked that he also be reimbursed for a clerical course at Syracuse University—"the Annual Institute for Professional Clerks"—He has expended \$150 for the course. Perry reported that he was taking the course to better fulfill his clerk duties.

The request by Perry came unexpectedly and was finally approved.

The Board held that each future case coming up before the Board will be decided on their merits.

Tax Relief Sought

ROMULUS—The Legislative Committee of the Wayne County Board of Supervisors has approved a resolution calling for immediate action by Michigan legislators in enacting laws that will increase current tax benefits for Senior Citizens and Veterans.

Edmund Bizek, 24th District representative on the Board of Supervisors, in urging adoption of legislation that would aid the elderly and veterans commented:

There are untold number

of senior citizens and veterans who are annually disqualified exemptions by virtue of Michigan's Equalization factor continually being raised due to current inflationary trends.

Bizek contended that once a senior citizen or veteran is able to qualify for an exemption they should not be disqualified by virtue of equalization.

"A number of them have the same property year after year. If the value of their property goes up because of inflation that qualify standards that there should be a corresponding rise in their benefits," Bizek said.

Alan Otter Ends MSU Program

NEW BOSTON—Alan C. Otter son of Mr. and Mrs. Clarence H. Otter, 25330 Otter Road, was among 152 graduates of the Institute of Agricultural Technology at Michigan State University (March 14).

Alan graduated in the Agricultural Production program. There are 10 different program areas.

These program areas include: commercial floriculture, landscape and nursery, elevator and farm supply, farm equipment service and sales, food processing, turfgrass, soils, pesticides, laboratory animals and agricultural production.

THE LITTLE SATELLITE, top right, that made "Live Via Early Bird" a household phrase on television sets in millions of North American and European homes for the last three and one-half years, retired last month, 22,300 miles above the Atlantic. Its communications circuits were transferred to a new and larger satellite, top left, called INTELSAT III. Early Bird's communications performance record reads like a who's who, including TV broadcasts of Pope Paul's historic visit to the U.S. in October, 1965; the Gemini splashdowns in 1965-66 and former President Eisenhower, above, discussing World War II strategies with British Field Marshall Sir Bernard Montgomery in a "Town Meeting of the World" telecast.

Ventriloquist To Appear In Huron

NEW BOSTON—The Huron School District will present a series of assembly programs featuring Phil and Seymour, a ventriloquist act designed to promote school bus safety on Tuesday, April 1.

The feature personality is Seymour who, like all boys, is inquisitive about things in his hectic life. Seymour is controlled by Mr. Appenzeller, who spent three years as a school bus driver and has been presenting his "School Bus Safety" program for one year.

During the current year, Mr. Appenzeller and his friend, Seymour, have appeared before as many as two thousand students a day.

His presentation is rated excellent by all persons interested in the transportation of school children.

But of even greater significance is his acceptance by children of all ages as a first-class entertainer.

Phil and Seymour are being presented by the Wayne County Intermediate School District and the cooperation of Western and Eastern Michigan Universities.

ALL PERSONS interested in seeing Mr. Appenzeller's presentation may check the scheduled times the program is being presented in the Huron Schools.

The following schedule has been approved for Phil and Seymour performances:

New Boston Elementary, 19132 Huron River Drive, New Boston at 8:50-9:15 and at 9:25-9:50.

St. Stephens, plus 2 sixth grades from New Boston Elem., 18834 Huron River Drive, New Boston at 10:00-10:25 and at 10:35-11:00.

St. Johns, plus 2 grades from Waltz Public, 28320 Waltz Road, New Boston at 11:20-11:45.

Riverside Elementary, 25485 Middlebelt Road, Flat

Huron Elementary, 24820 Merriman Road, New Boston, at 1:10-1:35.

property such as spare engines, hangars, machines and similar property. All this is now taxed.

J The bill seeks to place aircraft in the same category of railroads, union stations, telegraph, telegrams.

The township collects tax revenue from Metro Airport and air carriers' property housed there.

CAP Unit Promotes Bowdler

ROMULUS—In ceremonies before the assembled Wayne-Romulus Civil Air Patrol Squadron, Cadet Second Lieutenant Bruce Bowdler, 16, of 36809 Herman in Romulus, received his promotion to Cadet First Lieutenant.

While this promotion represents a milestone in his career as a Civil Air Patrol Cadet, it is also a stepping-stone for Cadet Bowdler to greater responsibilities and achievements in CAP.

The ceremony concluded more than seven months of hard work by Cadet Bowdler, and included mastering parts of the private pilots ground school training, military drill and leadership, and performance in leadership roles within his CAP unit.

Concurrent with his promotion, Cadet First Lieutenant Bowdler left his position as a Flight Commander and became the Squadron Cadet Executive Officer and Second-in-Command to the Cadet Commander.

LENTON SEASON

(Continued from Page 1)

The only answer to this problem is found in God. In the end, God will lead the upright to glory, there is no comparison between prosperity without God and the joy God gives the just man. Even death finds hope in Christ.

ALTHOUGH THE mystery of death utterly beggars the imagination, the Church has been taught by divine revelation and firmly teaches that man has been created by God for a blissful purpose beyond the reach of earthly misery.

In addition, bodily death from which man would have been immune had he not sinned will be vanquished, according to the Christian faith, when man who was ruined by his own doing is restored to wholeness by an almighty and merciful Saviour...

Too Much Fuss About Skirt Length

Frankly I couldn't care less!" That was the opinion of Livonia School Board President Dr. A. Edward Katz on the present dress and grooming code controversy. We couldn't agree more; education in Michigan, as Dr. Katz pointed out, has far more important problems to solve than the length of a girl's skirt.

But if a decision on this question has to be made, we will have to agree with the policy submitted by Board Trustee Donald Murch. He basically proposes that the District continue its authority prescribing rules that affect the health and safety of the students, and that affect the general operation of the District.

Beyond that, Murch urges that the District leave the dress and grooming rules up to the parents to use their own good judgment on what their children should wear within the boundaries of the law of the land.

Murch's proposal suggests that what a student wears and looks like is the responsibility of the parents, and is a decision that should be made in the home. Dress and grooming only come under the School District's real jurisdiction when what a student wears or looks like affects his safety or

health, or the general operation of the School District.

The Board President also noted that the staff, parents and students of the District's three high schools have spent months taking surveys and drawing up recommendations on this subject. Their time could be far better spent talking about curriculum, or working together on community projects in the Cities of Westland or Livonia.

The administration proposed policy, however, does embody some good suggestions; among them, one that would set up councils in all the high schools that would help implement the dress code, plus keep the code up-to-date.

In this case, as with any other policy or decision, compromise should be the key. The Board should seriously consider the merits of proposal, and, at the same time, include the administration-proposed advisory councils for the high schools in the final measure.

The Board should act intelligently and efficiently on this matter, so the Board can proceed to the important problems of education such as finance and curriculum.

Off-Street Parking Is on the Way

For several years now, the City of Wayne has been trying to solve the parking problems posed both by residents and businessmen, and has made some progress in an agonizingly slow manner.

Ultimately it is hoped that parking on all streets can be eliminated and this is sure to place even more restrictions on citizens and business places who have so far failed to provide their own off-street parking.

City Councilmen are anxious to please the business interests as well as the citizens; however, it is a two-way street and these individuals should be expected to help do their part in relieving the parking problems.

Keeping commercial vehicles off all of the streets in the City used to be a tremendous problem and even today the City's ordinance controlling commercial vehicle parking is in effect only from 6 pm until 6 am with half-hour parking even allowed during the hours of prohibition.

The City is now attempting to achieve an even more restrictive posture with regards to parking on the streets.

How are they doing this?

Efforts are now being made through the office of the Michigan State Highway Department and local law enforcement agencies to remove all parking on the streets in the interests of both pedestrian and motor traffic safety.

Joining the effort underway to relieve the parking situation are the offices of the Wayne City Planner Richard Riley and the City's Planning Commission. They have conducted numerous studies into the matter and from time to time have been called upon by the Council to investigate specific parking problems and submit their recommendations on feasible action.

Every day there is recorded on the books of local law enforcement agencies property damage and personal injury accidents caused by or at least attributed to a situation involving parked vehicles and moving traffic. Removing the traffic hazards posed by parked vehicles seems to be the ultimate answer for helping to reduce accidents and improve traffic safety.

When residents and businessmen accept their fair share of this responsibility and begin to respond to the constant pleas from safety experts and planners as well as the

Wish I'd Said That

You sometimes hear politicians refer to the have's and have-not's. What they overlook is that these categories often parallel the did's and did-not's.—James H. Russell, The Belton (Tex.) Journal.

health, or the general operation of the School District.

The Board President also noted that the staff, parents and students of the District's three high schools have spent months taking surveys and drawing up recommendations on this subject. Their time could be far better spent talking about curriculum, or working together on community projects in the Cities of Westland or Livonia.

The administration proposed policy, however, does embody some good suggestions; among them, one that would set up councils in all the high schools that would help implement the dress code, plus keep the code up-to-date.

In this case, as with any other policy or decision, compromise should be the key. The Board should seriously consider the merits of proposal, and, at the same time, include the administration-proposed advisory councils for the high schools in the final measure.

The Board should act intelligently and efficiently on this matter, so the Board can proceed to the important problems of education such as finance and curriculum.

men serving on our local governing bodies to provide their own off-street parking, the interests of all citizens will be served.

Some hardships cases do exist and there is no easy solution to all of the problems concerning parking but the facts are undisputable and must be accepted that one day in the not too distant future there will be no parking allowed whatsoever on our public streets.

REFLECTIONS

A Fuzzy-Wuzzy Tribute

By JOYCE HAGELTHORN

One day not too long ago, when my friend husband got home from work before I did, he took one look at the dishes piled in the kitchen sink, and then met me at the door with a fuzzy-wuzzy dangling from his finger.

"What is this?" he shouted.

I looked it over, carefully.

"Why it's a fuzzy-wuzzy, I believe," I answered brightly, but my heart sank when I looked behind him and saw all the kids lined up on the sofa holding fuzzy-wuzzies.

"Boy, is this bad, Mom!" one kid shouted. "Look at all this cool stuff we found under your bed."

"Boy, that is bad, . . ." I agreed while searching for an outlet, but my friend knows my ways and had deliberately planted himself right where I wanted to go.

"We found lots of socks under there, too," another kid said.

"And Daddy's cuff-links. . . you know the ones he thought he'd lost that time he was playing poker until. . ."

"What I want to know, is what are you going to do about it?" Old Papa headed that one off real good, and I admired his verbal gymnastics, but he wasn't about to be put off by my admiration.

"Well, I don't know," I said. "One of these days when I get time, I'll sweep, I guess."

"You'd better get that time right now," he said emphatically, and shoved the broom in my hand.

"Can I take off my heels?" I asked.

"You'll lose them if you do," he prophesied.

'IF IT FITZ...'

I've Got a Problem, Ann

By JIM FITZGERALD

Dear Ann Landers:

I certainly never thought I'd ever write to you. Then I got married. Since then, I've wanted to drop you a line at least once a week. But I've been too busy. One of the things I've been busy at is reading your column every day.

"Did you read Ann Landers today?" my wife asks me at breakfast. I always know what this means. It means you have again punctured huge holes in the head of some dumb husband who made a twitchy move toward daylight. And my wife is telling me I will benefit from your wise advice because, by an amazing coincidence, I am the same kind of a dummy. These amazing coincidences occur once every weekday and sometimes twice on Sundays.

If I do not read your column by dinner time, I will be reminded again. Have you ever eaten a layer cake with one of your columns between the layers? It is something to chew on.

Listen, Ann. I don't really mean to be critical. You give a lot of stupid answers but this is not all your fault. You are asked a lot of stupid questions. And besides, these complaining women usually don't give you all the facts to work on. Take that woman who was worried because her husband

wore her nightgown to bed. You advised her to bundle Dumbo off to the funny farm. Your advice would have been different had you known that Dumbo's wife has somehow lost 63 pairs of his pajamas in the laundry in just two years. In Dumbo's pajama drawer there is nothing except her nightgowns and 26 jars of cold cream. Should he wear cold cream to bed?

However, Ann, please do not be discouraged by the nagging of just one dummy husband who can't stomach newsprint in his cake. Yours is a voice that should not be stilled. The world needs someone who deals publicly and intelligently with the important issues of the day. How else would Myrtle Housewife know it is socially acceptable to be slightly rude to a neighbor divorcee who borrows Myrtle's husband to do some plumbing and plumb forgets to return him? Gracious, Remember that divorcee who didn't even return the cups that Dumbo came in?

I'll admit, Ann, the biggest reason I've wanted to write you in the past was to give you heck for loading my wife's gun. But that's not the reason for this letter. The truth is, I've got a problem. . .

It's my wife. She is a backseat driver when we are not in a car.

This incredible truth struck me when I took the family to the movie in the big city last Sunday. Before sitting down, it is always my task to storm the popcorn counter for sufficient supplies to feed four fat faces for two hours. I get in line behind the brass rail which separates the spenders from the lookers. The kids get the seats. My wife waits on the other side of the rail, ready to help me carry off the booty. Only she doesn't wait. She leans over the rail and gives me directions.

"Not too much butter," she says. "Don't forget the napkins. Are you sure jumbo sizes are big enough? Not too much salt. The butter is right in front of you. You pay that girl over there. Don't forget your change."

Some movie day, for sure, she is going to fall over that rail. Which brings me to my problem, Ann:

If she does fall, should I put down the popcorn and pick her up? Or should I step over her and deliver the popcorn to my starving children? Please answer quickly, Ann. This popcorn is getting heavy.

Onward and Upward.

NEWS ANGLES

British Act Like Bullies

By DICK MCKNIGHT

Most of us might have felt just a little uneasy when we heard about and read about the British invasion of that tiny Caribbean Island, Anguilla.

It looked a lot like the big guys against the little guys, and our underdog favoritism must have moved us a little.

Anguilla is so small that not many Americans never heard of it before the events of the past two weeks. No doubt most Britons were unaware of the existence of Anguilla before the troubles began.

Anguilla's crime was to simply tell the British one day a few months ago that they were going to get out of the British Empire, or what is left of it. The Anguillians wanted to sever all their ties and become an unknown island nation of goatherds.

The affront to the British authorities was apparently so great that the British Foreign Secretary finally made plans, without the consent of Parliament, to invade Anguilla.

The Anguillians are so removed from the world that we Americans knew about the invasion long before the natives did. The first thing they knew, troops were filing down the dirt roads and ships were anchored in their harbor.

Naturally, without weapons of any kind, the Anguillians were armed only with their tongues and the signs they hastily put together chastizing the British invaders. Most of this has now been picked up by the world press and flashed around the world.

How terribly embarrassing for the British, to see their own armed troops invading an island not even on the map and being met by the jeers of the populace. The British named an overlord for the island by the name of Anthony C. Lee, or "Tony" Lee, as the slogans of the Anguillians have characterized him.

Tony Lee was so bombarded with verbal abuse in his first days as the Anguillian overseer that he almost went home. But the British government finally talked him into staying to watch over the errant children of Anguilla.

One can't help but remember at a moment like this the incredibly moving words of Winston Churchill, probably our favorite Briton, who said during the blitz, "If the British Empire and her people last for a thousand years, men will say, 'This was their finest hour.'"

Woe, how far we have come since those words were spoken in 1941. That thousand years Churchill envisioned has become a mere 28 years, and look how far the finest hour has sunk.

One can almost hear the military men talking among themselves:

First chap: "By Jove, our troops are in a bit of disarray. What we need is a few days of maneuvers."

Second chap: "Capital idea, but where shall we hold them?"

First chap: "Let's look here on our map. . . here's a small place called Agana, no, Anglea, no Anguilla, seems the natives there are giving our boys a simply nasty time."

Second chap: "The Caribbean should be first class this time of year."

First chap: "I've got it. We'll invade this little island and have ourselves a holiday all at once."

Second chap: "Bloody good. Break out the colors and call up the troops. We'll take the Queen's yacht."

First chap: "Righto!"

Funny? Well, maybe, but it's also rather disheartening to think our freedom-loving peoples of the western world can still be so confused about what is and isn't important in foreign policy.

And there is a parallel for us to remember in all of this. The United States is a lot bigger and more powerful than Great Britain, yet the American soldier has set foot in Santo Domingo, Panama, Guatemala, and Cuba all in the Caribbean area and in our own hemisphere, all in the last half century.

Too bad the Anguillians will not be allowed to live like they wanted to. In utter simplicity, and without hordes of tourists. Now the tourists know about Anguilla and they will start going there. They will watch the British troops change the guard every day at noon, and the Anguillians will go off into the hills to graze their goats.

WINNING BOY COSTUME—Denny Grifith, smiling displays his winning costume and winning corsage at the annual Sadie Hawkins Dance. He was awarded a record album for his efforts.

WINNING GIRL COSTUME—Miss Helen Mills was the winner among the Sadie Hawkins costumes that were worn by various high school girl students. The dance was well attended and enjoyed by participants as is evidently shown by Helen's beaming smile.

School Study Group To Name Committees

BELLEVILLE—Van Buren Public School's permanent Professional Study Committee have recommended the formation of subcommittees for various areas of school operational program study, Dale E. Kaulitz, school superintendent, announced.

The committee held its second session since its recent inception and approval by the School Board, at Belleville High School March 12.

In attendance were Kaulitz, Robert Gray, supervisor of elementary and curriculum; John Ford, high school principal; Emil Jones, teacher and chairman; and Mary Lou Feight, teacher.

The five topics that are to be submitted to yet to be named subcommittees embraced: Discipline Policy; Evaluation of Teacher; Development of Curriculum; Grades and Grading Procedure and Departmental organization and related problems. The last mentioned topic will be taken over by the PSC itself.

THE APPROACH to the five topics outlined at last

week's meeting will be guidelines for each subcommittee.

Personnel of each subcommittee will consist of eight people to be chosen as follows: Two representing

elementary schools, two Junior High School, two representing Senior High School and two from administration.

The committee will select their own chairman and set

their own meeting time, and can ask for volunteers.

Names of subcommittee members are to be presented at the PSC's meeting tonight, March 26.

Supervisors' Stadium OK Is Delayed

ROMULUS—Wayne County Supervisors Edmund Bizek of Romulus and James DeSana of Wyandotte today urged to their colleagues that a sports stadium now under area-wide discussion be kept in Wayne County, if proposed backers decline to approve a downtown Detroit site.

The County Board of Supervisors last week endorsed the downtown location for the proposed sports stadium but official action on a resolution backing the stadium by the full board was delayed when Bizek and DeSana out-county rivals for the stadium

proposed an amendment to the resolution that requested the supervisors to fight to keep the stadium in Wayne County but should not favor one county community over any others.

The resolution was referred to the general government committee.

Receives Promotion

BELLEVILLE—Richard A. Payne, 23, son of Mr. and Mrs. John Payne, 218 South Street was promoted to Army Private pay grade E-2 upon completion of basic combat training (Feb. 14) at Ft. Knox, Ky.

The promotion was awarded two month earlier

than is customary under an Army policy providing incentive for outstanding trainees.

The promotion was based on his scores attained during range firing, high score on the physical combat proficiency test, military bearing and leadership potential.

2,000 Teams of Students Competing in Plymouth's Trouble Shooting Contest

Teams of student mechanics from more than 2,000 high schools and colleges in every state of the Union will compete for \$125,000 worth of prizes in the 21st annual Plymouth Trouble Shooting Contest.

The contest is sponsored by the Chrysler-Plymouth Division of Chrysler Motors Corporation and Plymouth Dealers of America to encourage students with mechanical talent to continue their education and pursue careers in the growing automotive service business.

(Continued below)

Announcing a special new Plymouth.

At a special price.

Everyone says special, but we really mean it. Snapper's a new limited edition car like Plymouth has never made before. It'll shield you from weather's whims under a groovy turtle-shell vinyl top and carry you in a metallic muted-gold body. It has a "camp" Snapper emblem, like the one in the middle, on each roof pillar. An extended roofline that lets your rear seat passengers actually lean back (over 3" extra head room). And, of

course, many of the "special" features that most people want: deluxe vinyl interior, white sidewalls, deluxe wheel covers, bumper guards, and a kicky little time-delay ignition switch light, all at a special package price (again, we really mean special). Naturally, you can personalize a Snapper even more, with everything from a Super Commando 440 V-8 to air conditioning or 8-track stereo; just ask your dealer. As a limited edition model with

your own personal options, Snapper is a truly individual vehicle. See one now, at your Plymouth Dealer.

AUTHORIZED DEALERS CHRYSLER MOTORS CORPORATION

NATIONALLY ADVERTISED BRANDS Backed by Friendly Personalized Service 424 MAIN BELLEVILLE

Other Plymouth winners were a Valiant Signet in Class VII for six-cylinder compact economy cars, and a Barracuda in Class IX for sports compacts.

The Union/Pure Oil Performance Trials, held under the supervision of the National Association for Stock Car Racing, compared the basic performance characteristics of American-made 1969 models which are in the popular price ranges.

The fuel economy tests measured a car's fuel consumption at an average speed of 40 miles per hour over a distance of 18.567 miles.

The acceleration tests measured the time it took a car to accelerate from 25 to 70 miles per hour.

The braking tests demonstrated the car's high-speed stopping capability immediately after severe brake usage.

The 60 stock cars competing in the tests were taken directly from dealers' showrooms throughout the country to provide a realistic comparison of various makes and models.

Wagon Air Deflector

The 1969 Plymouth Fury station wagon models have a new and efficient air deflector, mounted at the rear of the roof to divert air around and across the big rear window, significantly reducing vision obstruction.

Bassinet Bulletins

Mr. and Mrs. William Quarterman, of 6541 Denton road, Belleville, have a new son born March 1 at Beyer Hospital. He weighed in at 7 lbs.-8 ozs.

A son, weighing an even seven pounds was born March 2 to Mr. and Mrs. James Smith, of 10150 Willis road, Willis. Birth was at Beyer Hospital.

It was a daughter March 5 for Mr. and Mrs. Gary Reichel, of 600-93 Sumpter road, Belleville. Born at Beyer Hospital, the new addition weighed 7 lbs.-2 ozs.

Mr. and Mrs. Robert G. Collins, of 11167 Borgman Road, Belleville, are announcing the birth of a daughter March 6 at Beyer Hospital. Her weight was recorded at 8 lbs. - 7 ozs.

A 6 lb. - 6 oz. son was born March 6 to Mr. and Mrs. Earl Baker, of 43618 Harris road, Belleville. He was a Beyer Hospital arrival.

Mr. and Mrs. Lewis Dunford, of 21900 Haggerty road, Belleville, added an 8 lb. - 6 1/2 oz. son to their family March 6. Birth was at Beyer Hospital.

Arriving March 11 at Beyer Hospital was a 5 lb. - 8 oz. daughter for Mr. and Mrs. David Majors, of 51074 Mott road, Belleville.

A daughter, weighing 8 lbs. - 12 ozs., is the new addition to the family of Mr. and Mrs. Walter Chudzinski, of 20061 Wilmot Road, Belleville. The baby arrived March 14 at Beyer Hospital.

Robert Leslie Is Their 'First'

There's a new addition out in New Boston at the home of Mr. and Mrs. Robert Garlitz, of 26039 Bernadine.

Arriving March 13 at Oakwood Hospital, Dearborn, their first child, a son, tipped the scales at 9 lbs. - 1 oz. He has been titled 'Robert Leslie.'

The baby is also the first grandchild for Mr. and Mrs. William Garlitz, of Felt road, New Boston, and the sixth for the maternal grandparents, Mr. and Mrs. Joseph Killian, of Middlebelt Road, New Boston.

The new mother is the former Phyllis Killian.

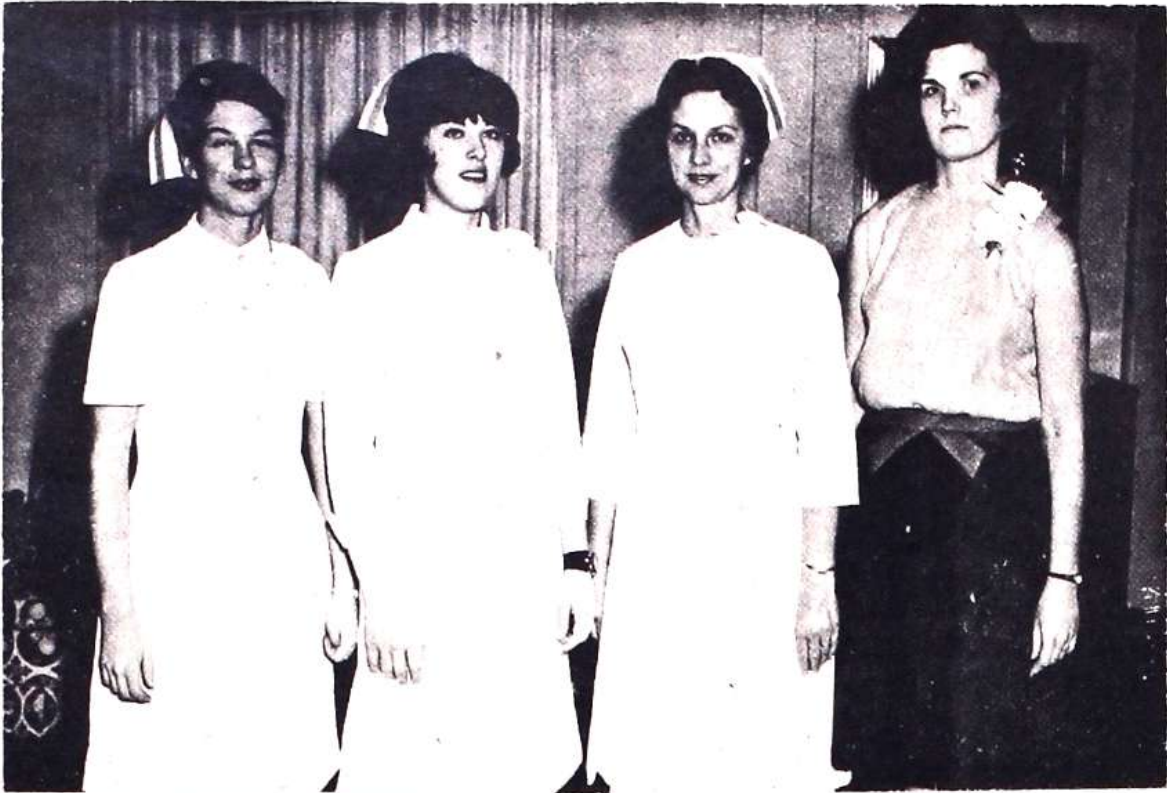

Conversation Starters

Did you know that you can help your car last longer and drive better? And it's easy! Every week check the battery and the air in the tires. In the spring change the rear axle lubrication, the transmission lubrication and flush the cooling system. In time for winter, change the rear axle and transmission lubrication, flush the cooling system and add anti-freeze (don't forget snow tires). Every thousand miles check the brake fluid level, change the oil, and have a complete lubrication job. You'll be surprised how well your car will run and run and run...

You will also be surprised with the fast and efficient service received from HOOK'S CLEANERS, INC., at the following three locations: 32328 Michigan Avenue, Wayne, PA 2-0162; 35 Main Street, Belleville, 697-8600; and 37311 Goddard, Romulus, 941-1010. We offer complete and dependable dry cleaning service, and are famous for quality and faster service.

HELPFUL HINT: To make walls in kitchen, bathroom and children's play areas easier to keep clean, give them a coat or two of semi-gloss enamel.

PRACTICAL NURSES HONORED--Two New Boston and one Flat Rock woman were among 11 graduating practical nurses recently honored by Wyandotte General Hospital. A tea in the Administration Building Lounge was held on completion of their training at the hospital. Pictured with one of their instructors are (left to right) Nancy Lichko, of 29427 Magnolia Drive, Flat Rock; Christine Lowrie, of 1989 Oakville Waltz Road, New Boston; Grace Kyko, of 18904 Hannon Road, New Boston; and Rita Uchs, R.N., practical nurse instructor.

GREEN-POINT GEMS

Couple Home From Tour Of Southwestern U.S.A.

(EDITOR'S NOTE: This week we are adding a new columnist to our paper. Mrs. Helen Kropat, a resident of Emerald Green Estates, in Romulus Township, will cover news from her area as well as that of neighboring Diamond Point. Residents are asked to please call her with any news items such as birthday parties, anniversary celebrations, club doings, birth announcements, baptisms, vacation items, etc. Your cooperation will give your community the newspaper coverage it now lacks. Welcome to the fold, Helen.)

BY HELEN KROPAT
941-3621

Mr. and Mrs. Alfred Kropat, of Emerald Green Estates recently returned from a tour of the Southwestern United States.

The vacation started by boarding a jet airliner at Detroit Metro Airport bound for Miami, Florida. Upon arrival in Miami, the couple rented a car and took a drive down Miami Beach across to Key Biscayne where they spent some time on the beach. After a restful night at a Miami Beach hotel they returned to the airport and continued on to Dallas, Texas.

After several hours of browsing in the shops at the airport they continued on to Roswell, New Mexico, where they were greeted by Mrs.

Kropat's cousins, Ross and Alice Casarez.

The couple were guests of Mr. and Mrs. Rosendo Casarez, Mrs. Kropat's aunt and uncle. During their stay they visited the Carlsbad Caverns at Carlsbad, New Mexico. The tour which took three and half hours to complete took them into the depths of the Caverns 750 feet below the surface of the ground.

Later on that week they went by car across southeastern New Mexico and west Texas to Juarez, Mexico. While in Mexico they shopped for bargains. After buying several souvenirs they stopped and enjoyed some real Mexican food at a local restaurant.

Returning to Roswell, they spent a considerable amount of time touring the Casarez Farms and Ranch with Mr. Rosendo Casarez as their guide. They were impressed by the size of the 12,000 acre ranch.

A dinner-party was held in the Kropat's honor with several friends and relatives attending. After several days of enjoying the mild climate they boarded a jet to Dallas and Miami where they spent one final day in the sun, and then on to Detroit where they were greeted by a

chilly 20 degrees. But, they said, they were glad to be back home.

Jerome Barylski, Jr., six week old son of Mr. and Mrs. Jerome Barylski, Sr. of Emerald Green Estates, was baptised this past Sunday at St. Aloysius church in Romulus with Rev. Kernosek officiating.

Serving as Godparents were friends of the parents, Mr. and Mrs. Phillip Kolb, also of Emerald Green Estates. Afterwards a dinner was held in celebration of the baptism at the home of the baby's parents. Several friends and relatives helped celebrate the occasion, but little Jerome Jr. was quite unconcerned about the whole thing since he slept through most of it.

On Saturday night of last week several friends and relatives were dinner guests at the home of Mr. and Mrs. William Sweatt. This was the first opportunity the Sweatt family had to reunite with old friends and relatives since they moved into their new home in Diamond Pointe. Mrs. Sweatt prepared a smorgasbord type dinner which was thoroughly enjoyed by all.

A few concerned homeowners of Emerald Green Estates had a meeting at the home of Mr. and Mrs. Sam Quasarno which Romulus Police Chief Koch attended. Chief Koch answered questions on some problems concerning Emerald Green Estates and Diamond Pointe. All that attended were pleased with the chief's presence and glad that he took his own time for this meeting.

Light refreshments were served by the hostess, Mrs. Quasarno. The evening was a great success thanks to Chief Koch.

Annual Church Conference

BELLEVILLE--The Annual Church Conference of United Methodist Church of Belleville will be held on Tuesday, April 15, Rev. Allen B. Rice, 11, pastor, announced.

A decision on the use of monies from the estate of Inez Ruthuff will be made at the meeting.

Press an animal cookie cutter lightly into the frosting on a child's birthday cake, then fill the outside with tinted frosting for a different decoration.

Over 4-million tourists visit Utah each year.

AT WESTERN UNIVERSITY RHS Juniors To Attend Music Conference Day

Paula Cucchiara, daughter of Mr. and Mrs. Joseph Cucchiara, of 37130 Eureka Road, Romulus, and Andrea McAnally, daughter of Mr. and Mrs. Earl McAnally, of 6330 Hyde Park, Inkster, were selected to attend the W.M.U. Music Conference Day to be held on the campus of Western Michigan University, Kalamazoo, Thursday, March 27.

Both juniors at Romulus High School, the girls were selected on the basis of their musical background and the interest they have shown in the field of music.

Paula, a clarinet major and vocalist, and Andrea, a viola major, will arrive on campus at 8 a.m. and remain until 4:30 p.m. Along with many

other high school juniors, the two will audition, participate in a recital, and receive counseling.

PAULA CUCCHIARA

PAT 'SHOWERED'

THE GRANT OELKE home on E. Huron River Drive was the setting Sunday, March 16, for a lovely bridal shower honoring Patricia Ann Wilson. The two o'clock party was given by Cheryl Wilson, sister of the bride-to-be, and Bette Gene Oelke, a close friend, who will be attendants at the wedding.

Tagging their invitations 'personal,' the co-hostesses used a pink and white color scheme for their decorations and table appointments. Guests were friends and co-workers of Pat's from Beyer Hospital where she works as a nurse. Lap games were played and dainty refreshments served after which the honoree unwrapped the many pretty things for her trousseau.

Pat will become the bride of Richard Burnette on the 19th of April.

BABY B 'TIZED'

LITTLE CHRISTINE Lorenz, who made her debut February 20 at Garden City Osteopathic Hospital, received the sacrament of baptism Sunday, March 16, at St. Anthony's Catholic Church. Father Albert J. Folta presided at the afternoon ceremony.

Christine's big brother and sister, Michael, 17, and Cathy, 16, served as her god-parents.

Following the rite a dinner party was held at the home of William and Lorraine Lorenz, on Haggerty road, parents of the new addition. Guests included the maternal grandparents, Mr. and Mrs. Anthony Kleszczewski, of Martinsville road, as well as the baby's sponsors and her three-year old sister, Lorrie.

HOME FROM EAST

JOHN AND Thelma Wilson and daughters, Patti and Jane, are home again after a week-long stay in Camden, New Jersey where they were houseguests of her sister and brother-in-law, Shirley and Brad Kendrickson.

Making the trip via jet (a 'first' for the distaff side) the foursome traveled Eastward primarily to attend the wedding of the Kendrickson's daughter, Georgia Lee, and Larry Porter at the United Presbyterian Church. They were also among the 200 attending the reception at the Plantation Inn.

Before flying home the Wilsons spent some time in Philadelphia visiting Thelma's former college roommate and husband, Janet and Jim Barnaby; and cousins, Ruthann and Gregg Whiteside. With their host and hostess as guides, they also enjoyed a tour of Atlantic City and many other interesting spots in the area.

How To Send In Wedding Or Engagement News

For newly-engaged couples and for prospective brides we have printed forms to fill out to announce your betrothal and to enable us to write your wedding story completely and correctly.

If you have any doubt as to what information we require to do a story, these forms list all the pertinent questions.

To obtain either an engagement or bridal questionnaire, simply stop by our office, 330 Main street, Belleville, or request one via telephone, OX 9-2451. We'll be happy to mail either form.

We ask that you also bring or send in pictures to accompany either story.

There is no charge for this service.

FOR YOUR RECIPE FILE

Good Catch Casserole

- | | |
|---|--|
| 1 can condensed cream of mushroom soup | 1/4 teaspoon dry mustard |
| Dash cayenne | 1 can (1 lb.) peas |
| 1 can (4 ounces) pimiento, diced | 1 small onion, chopped |
| 2 cans (6-1/2 or 7 ounces each) tuna in vegetable oil | 1 can (3 1/2 ounces) French fried onions |
| | 1 cup grated American cheese |

In 1-1/2 quart casserole, blend undiluted soup, dry mustard and cayenne. Add peas with liquid from can, pimiento and onion; fold in tuna and cheese. Put French fried onions around edge of casserole. Bake in a moderate oven (375 degree F) for 25 minutes. Yield: 6 servings.

MISS SMITHERMAN

Daughter's Engagement Announced

Mr. and Mrs. Cecil Smitherman, of Florence Street, Westland, announce the engagement of their daughter, Janet Sue, to Daniel DeWayne Dennis, son of Mr. and Mrs. Samuel Dennis, of Mott Road, Belleville.

Miss Smitherman, a 1968 graduate of John Glenn High School, Westland, is employed with Automobile Transport, Inc., Wayne.

The future bridegroom is a 1966 graduate of Belleville High School, and is serving with the U.S. Navy aboard the USS Boxer, out of Norfolk, Virginia.

No date has been set for the wedding at present.

Troop 231 Mothers Set Dance

The Boy Scouts of Troop 231 were issued tickets to sell for their annual dance to be held Saturday, April 19, at Belleville High School. The 'Moon Dance,' given by the Mothers Auxiliary, will feature the 'Coralations' of Ann Arbor.

A portable color television and portable black and white television will be given away during the evening. Advance tickets are \$1 and sales at the door will be \$1.50.

Money earned through the dances in the past has helped the troop make several worthwhile trips that have included Colorado, New York-Washington, and Hawaii.

Plans are not formed for their next trip scheduled for 1970 but the boys are working hard not only for the success of the dance but in their scouting achievements as well.

SURGICAL—Joyce Saltz, 43054 Judd Rd., Belleville; Anna Schlough, 50234 Ecorse Rd., Belleville; Milton Emhoff, 166 Chaney, Belleville;

DINNER PARTNERS—Sharing a table for dinner at the 'Rathskeller,' in Detroit, during the Belleville Rotary Club's recent Ladies Night were (left to right) Steve Kuchta and his wife, Eileen, and Jeanette Brown and her husband, Robert 'Bud' Brown. The foursome were among the 27 couples to take part in the evening's activities which included seeing the 'Ice Capades' at Olympia Stadium after dinner.

YW Offers Varied Homemaker Program

If Spring Fever has not seized you, let the YWCA of Western Wayne County swing you into spring. The YW's Homemakers' Holiday classes, held at the Rosedale Presbyterian Church, West Chicago and Hubbard, Livonia, are designed to appeal to active women.

Three classes begin Wednesday, April 2, while two will not start until April 16. The first three include Intermediate Bridge taught by Mrs. Elinore Kleinfeld and is an eight weeks course concentrating on second and third round bidding and the playing of the hand.

Brand Hampikian, noted landscape architect, will teach the six weeks course, Gardening Clinic. Amateur and experienced gardeners can benefit by hearing of the latest in equipment and supplies, work saving techniques plus obtaining

individual help in planning their own individual and beautiful yards and gardens.

The popular course, Danish Rhythmic Exercises, will be continued this term. Under the guidance of Mrs. Dixie Bjarnson, inches are pared, muscles are firmed and all participants are among the area's most healthy women. A doctor's certificate is necessary for this class.

Two courses will begin April 16. Camping Clinic is a six weeks course designed to make vacation outings more enjoyable and profitable for the woman of the house.

Too often camping is only moving the same jobs into the outdoors and often into more crowded conditions. She has no time to swim, play, hike or take advantage of the vacation. Quick food preparation, outdoor cooking, safety, first aid, packing, helping the driver and travel with children are among the topics to be covered.

Golf for Beginners also starts Wednesday, April 16. There will be two classes, at 10 and 11 a.m. These classes are limited in size so early registration is recommended. The use of the basic clubs, rules and regulations and etiquette will be taught.

Nursery service for morning and afternoon classes is open to children two to six years of age of mothers enrolled in the above classes.

Registration for all classes will be held on March 26 in Room 200 of the church from 10-12 noon and one to 3 p.m. Registration at this time cannot be emphasized too strongly. Any class not meeting minimum enrollment on the above date will be cancelled immediately. For further information, call the YWCA, LO 1-4110. The YWCA of Western Wayne County is a Torch Drive Agency.

MISS TOMLINSON

June 6 Nuptials Planned

Mr. and Mrs. David J. Tomlinson, of 50810 Mott road Belleville, are announcing the engagement of their daughter, Judy Elizabeth, to Ronald Albert Westlake.

A 1968 graduate of Belleville High School, Miss Tomlinson is presently employed by the University of Michigan, Ann Arbor.

Her fiancé, son of Mr. and Mrs. Albert E. Westlake, of 345 S. Prospect street, Ypsilanti, graduated from Willow Run High School in 1967, attended Washtenaw Community College and is currently an employee of Eastern Michigan University.

St. Ursula's Catholic Church, Ypsilanti, is being reserved for their June 6 wedding.

Recieve Degrees

ROMULUS—Among the Michigan State University students awarded degrees at the university's winter term commencement exercises were two Romulus students. They are:

Richard A. Pam, 9500 Biddle Avenue, who received a Bachelor of Arts Degree in Economics; and P.J. Stillwagon, 9404 Biddle Avenue, who received a Bachelor of Arts Degree in Social Science Teaching.

Martha Mary Chapel Reserved for July 5

Mr. and Mrs. Frank J. Konapek, of 44201 Harmony Lane, Belleville, are announcing the forthcoming marriage of their daughter, Franelle Lorraine, to Garry Allan Spedoske.

MISS KONAPEK

A recent graduate of the University of Michigan, Miss Konapek received her M.S. Degree in design and is presently employed at Young and Rubicam, an advertising agency, in Detroit.

Her fiancé, son of Mr. and Mrs. Franklin Spedoske, of Lansing, graduated from Michigan State University and is now with Campbell-Ewald, an advertising firm.

The Martha Mary Chapel in Greenfield Village, Dearborn, has been reserved for the couple's July 5 wedding at which the Rev. Allen B. Rice, II, of Belleville, will preside. A reception will follow at the home of the bride's parents.

Belleville Jaycees' Party Set

BELLEVILLE—The Belleville Jaycees are presenting their Millionaire's Party, featuring The Four Gems the all girl band on April 12.

The price of admission is \$3.50 per person and includes refreshment and 25,000 dollars in play money which can be turned in for prizes after an evening of playing.

Tickets may be purchased from any Jaycee member or at the door.

The party will begin at 8 p.m. until ?? at Sumpter's P.N.A. Hall located on the corner of Sumpter and Harris Roads.

Seniors' Dinner is Tomorrow

BELLEVILLE—The Belleville Area Senior Citizens Club will have their monthly pot-luck supper tomorrow (March 27).

The main meat dish to pass this time is chicken in any form.

Rev. Kinniman Crawford, pastor of Grace Baptist Church of Belleville, and wife will be guests of the club in t h a n k s for his church's support in furnishing a bus several times for nearby trips by the club.

Deadline Change...

In order to meet print shop deadlines, it is necessary to move our deadline time and date. Effective immediately, any information for the women's pages must be turned in no later than 2 p.m. on Thursday. This will include engagements, weddings, club news, birth announcements, coming events, etc. that are to appear in the women's section. This also means that Belleville Brevities, Romulus Personals and New Boston Events will be turned in early as well. Contributors to those three columns are asked to please cooperate by phoning in news and helping the columnists to meet their earlier deadline.

Betty Frankman Heads New Advertising Unit

Formation of a new Women's Marketing and Advertising Department at Campbell-Ewald has been announced by Board Chairman Thomas B. Adams.

The new department will be headed by Betty Skelton Frankman, world-famous aviatrix, automotive expert and advertising executive. She has been named a vice president and director of the new department. Mrs. Frankman resides in Willis, Michigan.

"The department will extend beyond our past efforts in planning advertising and public relations programs with the powerful influence of the women's buying market in mind," Adams said. "though we have always given strong consideration to this influence, we are now reinforcing our research and planning activities in this area."

Adams said that Mrs. Frankman, who has been an executive on the Chevrolet account for the past 13 years, "exemplifies the active woman of today and

possesses all the unique talents required to pin down exactly what women want and what we have to do to reach them through advertising."

BETTY S. FRANKMAN

MRS. FRANKMAN has gained much fame through the years in aviation and automotive sports. She was world's aerobic champion three years in succession, has driven at Daytona, Bonneville Flats and over numerous courses and set the world's

land speed record for women on four occasions.

She was the first woman to officially drive a car over 300 mph and has more flying and driving records than any other person in the world.

Mrs. Frankman received considerable public attention in 1960, when Look Magazine featured her in a cover story as the first woman to undergo the astronaut selection testing program.

ADAMS SAID the new department has already initiated a major study to determine women's attitudes toward present automobile styling and that other programs will get underway soon.

"By the end of this year, women drivers will outnumber men drivers," Adams explained, "and by 1970 we expect more than 55 million women to be driving the nation's highways. It is clear that we will have to make increasingly stronger efforts to reach this enormous market."

Adams said another program the new department will conduct will explore ways in which the entire automobile dealership structure can be made more receptive to the woman driver.

He said that although the new department will concentrate on serving the Chevrolet account, it will make studies and recommendations for other accounts serviced by Campbell-Ewald.

Planning Meet Set by Council

The 18th Annual Regional Planning Conference of Southeast Michigan Council of Governments will be held on Thursday, April 10, in the Veterans Memorial Building, Detroit.

"Incentives for Coordinated Development," is the theme for this year's annual session that begins at 9 a.m. with registration and coffee and concludes at 5:30 p.m. with a social hour.

Missing W-2's Delay Tax Refunds

DETROIT—Income tax refunds of 4,100 taxpayers in Michigan have been held up because W-2 withholding statements were not attached to their tax returns, A.M. Stoepler, IRS District Director reported.

A copy of the W-2 withholding statement given out by each employer must be included with Federal income tax returns when they are filed.

Employers are required to issue W-2 statements by Jan. 31, 1969. If a W-2 is lost, employers can provide a duplicate to the taxpayer.

Stoepler said taxpayers who have more than one job must have a Form W-2 from each employer and all must be filed with the return.

WHEN RETURNS are received in IRS offices without a W-2 for all income on which income taxes have been withheld, a letter is sent each taxpayer requesting the missing document. Meanwhile processing is delayed until the W-2 or an acceptable explanation of why it cannot be furnished is received.

Failure of taxpayers to include their correct Social

Security number is another major reason for delay of refund checks. As of last week, issuances of 8,563 refunds had been delayed in Michigan for this reason, Stoepler reported.

A total of 2,386 taxpayers in Michigan made errors in figuring their surcharge last week. Stoepler said these taxpayers either forgot to add the surcharge or figured it incorrectly.

The 7½ percent surcharge must be figured and entered on the return on the line provided for it. To avoid errors, taxpayers should follow the instructions for making surcharge calculations and enter all required information.

REFUNDS ARE also being held up because of other errors or failures to follow instructions that are mailed with the tax forms.

Included in the tax returns filed up to last week are 8,753 with mistakes in arithmetic. Another 23,417 used the wrong tax table. Stoepler said.

Already 8,639 tax returns have been filed without necessary signatures. These have to be sent back to taxpayers before they can be processed.

So far this year, the IRS Service Center in Cincinnati, Ohio has processed 626,686 refunds for Michigan taxpayers totalling \$148,456,073.

Garrett Shares in Exercise

BELLEVILLE—Private First Class Joseph E. Garrett, 18, son of Mr. and Mrs. Joseph T. Garnett, 7186 Rawsonville, returned to Fort Riley, Kansas, this month following participation in Exercise REFORGER I whereby the 24th Infantry Division was flown to the Federal Republic of Germany

to take place in NATO maneuvers.

United States Air Force C-141 Starlifter Aircraft were used to take the 24th back to Germany and return to the States, an 8 to 10 hour trip from Forbes Air Force Base, Kansas, to Germany. This 24th Division soldier is a member of Company C, 5th Battalion, 32nd Armor.

Haggerty Bee Champ Announced

BELLEVILLE—The Haggerty Road Elementary School Spelling Bee held March 7, was won by fifth grader Michael Jones.

He defeated sixth grade champion Margaret Wellard, after a fine duel.

The winning word was "wonderful."

Other participants in the contest were Debbie Parraghi, Clarice Pokrywki, Steve Doyle, Candy Hammond, Jackie Bourque, Rick Hamilton, Marie Drotar, Rick Arndt, Sharon Petrasky, Julie Conklin, Connie Eggers, Ralph Rafalski, Mark Gray, Eddie Conrad, Vicki White, Lyla Blade, Brian Sugden and Nita Southward.

Grade champions were determined earlier with Julie Conklin defeating runner-up Mike Jones in the fifth grade bee with the word, "neighborhood." Sixth grade champion Margaret Wellard defeated Joel Detar with the word, "acknowledge."

If you have the idea that electric heat is too rich for your blood, you'd be surprised at the number of average people who are putting it in their homes.

Their present homes. You'd find—just like they—a cleaner house than you've ever experienced. A quiet, even heat, completely worry-free. It's also more comfortable—never desert dry.

If you'd like a no-obligation estimate on installation and operating cost, call us for the name of an Edison Approved Electric Heat Contractor near you.

Don't wait for your next house to enjoy electric heat. You can afford it right now. Honest.

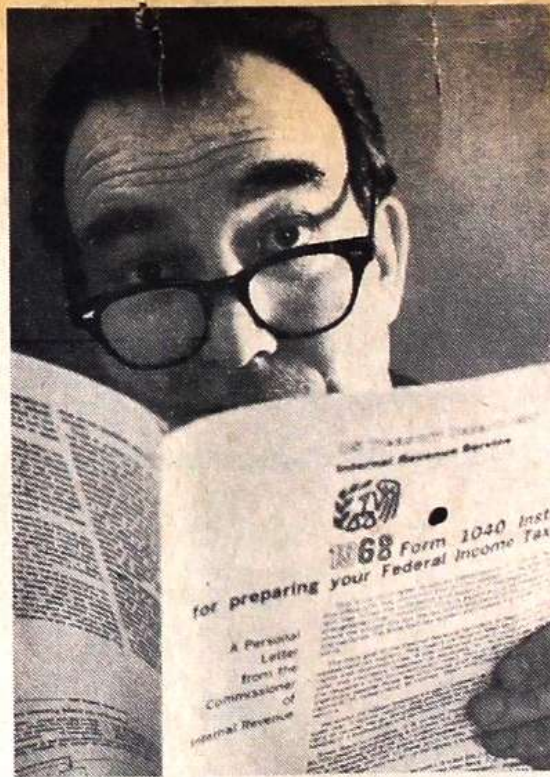

DREAM HOME YOUR HOUSE WITH ELECTRIC HEAT.

"This big old farmhouse of ours has electric heat," said Albert Foegle of Plymouth. "We heat both floors—nine big rooms—and the cost is cheap. Runs us only a little over \$300 a year."

EDISON

Budget overtaxed? Meet the April 15th deadline with an Instaloan from NBD.

Everybody, now and again, miscalculates his money needs. And, it seems, it's never truer than at income tax time. If those April 15th tax payments are more than you can handle, NBD has an answer. Instaloan.

Instaloan is the fast, confidential way to meet your tax obligations and still balance the budget. Just visit your nearby NBD office.

Simply fill out a credit application. Tell us how you want to repay the loan and you're on your way. At NBD, of course, you always know what you're paying for your loan. And, life insurance to cover the unpaid balance is included at no additional cost.

When your budget's overtaxed, get relief the easy way. With an Instaloan from the National Bank of Detroit.

Bell Research Benefiting Many With Speech-Hearing Problems

The Bell Telephone System has a tradition of providing aid to the handicapped that goes all the way back to Alexander Graham Bell.

Bell taught in a school for the deaf before he invented the telephone. In fact, grateful parents of his students sponsored much of Bell's early experimental work.

Following in Bell's footsteps, telephone people find it only natural to take special interest in the problems of the handicapped.

Research at the Bell Laboratories has benefited many of the 750,000 persons in the United States with speech problems. The 300,000 who are totally deaf, and the 5 million who are partially deaf.

FOR INSTANCE, the development of the audiometer at the Bell Labs makes it possible for ear specialists to measure accurately the degree of a person's hearing loss.

The invention of the transistor 20 years ago by three Bell Labs scientists paved the way for the miniaturization of hearing aids.

Out of the Bell Labs have come the electronic larynx and special telephone handsets for those with impaired hearing or persons with "weak" voices.

The electronic larynx creates the sound of speech through mechanical vibrations of the throat wall. It is offered at cost through Bell offices to persons who have lost their larynx or voice box through surgery.

A special handset that has a concealed volume control wheel permits the user with hearing problems to adjust the sound level of the caller's voice to his needs.

A SIMILAR device on the handset of the caller amplifies the voice of someone who can't talk above a whisper. Both special handsets can be used with a regular telephone.

Other devices, all available through local telephone business offices, make it easier for the handicapped who cannot hold a telephone. A headset like those worn by operators can be plugged into a special telephone for bedridden patients.

The Speakerphone, containing a small loudspeaker-microphone unit, permits hands-free talking for persons unable to hold a phone because of paralysis, palsy or other impairments of the arms and hands. Both ends of the conversation are amplified.

To help the partially deaf, Bell offers loud bells, chimes, horns or special lights to signal incoming calls.

FOR DEAF persons who can lip-read, a "watch case" receiver is available. With this plug-in unit, a third person takes part in the phone conversation and repeats the incoming words. The lip-reader can follow the words and reply to the person on the other end of the conversation.

For a particularly acute hearing problem, the phone company can supply an "auxiliary signal control." This device is an electrically-controlled switch that can turn on any appliance when the phone rings and off when it stops ringing. For instance, a fan or signaling lamp could be activated.

Although most blind people learn to dial phone numbers, those who can't rely on a special operator assistance service. The blind need only

dial zero and ask the operator to dial the number.

Michigan Bell engineers replaced the regular buttons on a business telephone with a series of buttons that could be identified by the Braille system. This permitted a blind man to handle telephone calls for two taxicab companies.

MORE THAN 30 types of telephone aids for the handicapped are available. With ingenuity and minor modifications, a variety of other telephone equipment also can make telephoning easier for the handicapped.

A dialing pen can twirl a phone dial even when grasped by a prosthetic device or artificial hand. A card dialer enables a caller to place a call simply by depressing a pre-punched card in a slot. A simple lever on a multiple-button business phone permits a handicapped

person to "hold" one phone line while answering another call.

School-to-home hookups have long been in use. They enable bedridden students to participate in lessons with their classmates over a loudspeaker-microphone system. Or the teacher and pupil can talk separately over the phone line.

A Tele-Class installation in Pontiac allows a special education teacher to instruct an entire class of up to 20 bedridden students by telephone. Students in several communities use headset telephones installed by the Oakland County Board of Education.

Through continuing communication research and on-the-job innovation, telephone people are confident they can continue to help disabled people continue to help disabled persons lead fuller, more satisfying lives.

IN THE NEWS AGAIN — Skirts are in the news again — miniskirts, micro-minis and fender skirts! A seven-inch stylish fender skirt featured on a new Marauder Sports Special is classified in the micro-mini field. This sportier dressed-up Marauder — the action car with the luxury look — is being featured in Lincoln-Mercury dealerships in January. This car also has wheel covers designed specifically for use with the skirts, and, of course, whitewall tires (8.25 x 15). A racing mirror with streamline housing painted to match the body color is operated by remote control as a driver convenience. Completing the sports appeal is a triple upper body tape stripe with reflective red in the center and black or white stripes on each side, with the body color showing between them.

Honored

BELLEVILLE—Two Belleville students attending the Eastern Michigan University were selected for listing on EMU's Dean's List for the second consecutive year.

Tom Meyer, son of Mr. and Mrs. Dom Meyer of 46748 McBride Road; and Dave Sam, son of Mr. and Mrs. Anthony Sam of 408 East Huron River Drive, are the honored students.

Tom is a mathematic major and holds a cumulative average of 3.3. He is also a well-known stock clerk at the local A & P Supermarket.

Sam is a History major with a cumulative average of 3.9. Dave works part time in his father's record shop in Belleville.

Another son of Mr. and Mrs. Meyer, Ron left Monday, March 24 to enroll at Ferris State College in the spring term for the technical and applied arts.

Motor City Football Clinic Will Be Held March 28-29

Some 1,500 to 2,000 high school and college football coaches from Michigan and Ohio are expected at St. Mary's of Redford High School March 28 and 29 for the 1969 Motor City Football Clinic.

Under the theme, "The Winning Edge," the two-day clinic will be conducted by some of the country's top football coaches, including George Allen of the Los Angeles Rams and Glenn (Bo) Schembechler, newly named head coach of the University of Michigan.

Other coaches conducting the clinic include Chuck Fairbanks, coach of the Oklahoma Sooners, Pepper Rodgers of the University of Kansas Jay Hawks, George Perles of Michigan State and Roy Kramer of Central Michigan. The clinic is co-sponsored by Detroit area Ford dealers and the Detroit

Catholic High School Coaches Association.

A HIGHLIGHT of the sessions will be a Saturday luncheon honoring the area's high school "Coach of the Year" selected by all other coaches attending the clinic.

Levi Jackson, Ford Motor Company Retail Personnel Services Manager, former captain of the Yale University football team and winner of the coveted Lowe award for football excellence, will speak at the luncheon. Other features of the clinic include a cavalcade of top college football films and a complete line of equipment exhibits.

Last year's Motor City clinic, held at Bishop Borgess High School in March, was attended by more than 700 coaches. Registrations for this year's event already are well past the 700 mark and climbing. There is a \$6 registration fee per coach.

George Allen, who heads the clinic this year will give the keynote address Friday evening. Allen was NFL Coach of the Year in 1967 when his Los Angeles team compiled an 11, 1 and 2 record, tops in the NFL's Coastal division. In his three years at Los Angeles, Allen has compiled a 29, 10 and 3 record.

Before taking the top job at Los Angeles in 1966, Allen was defensive coach of the Chicago Bears for eight years under "Papa Bear" George Halas.

He has also coached college teams at Morningside College in Iowa and Whittier College in California. Allen, a native Detroit and a 1947 graduate of the University of Michigan, is considered one of the foremost football experts in the nation.

A brilliant organizer and outstanding team man, he has written five books on football drills, training, organization and scouting.

UNDER STUDY

Board of Supervisors List Jail Improvements

Uniforms for prisoners in the Wayne County Jail are contemplated by the County Board of Supervisors as a means to combat smuggling of contraband to prisoners and to improve hygiene.

Purchase of the uniforms and hiring of a professional jail administrator head the list of five top-priority improvements which the supervisors are expected to act on.

Uniforms will go a long way toward stopping the smuggling of contraband, such as weapons and narcotics, to prisoners because such articles are often hidden in clothing brought by friends and relatives, Sheriff Roman S. Gibbs told the board. He said cleanliness in the jail will also be improved.

THREE UNIFORMS for each of 1,200 prisoners, the average jail population, are planned. Purchase of the uniforms, plus laundry and storage facilities for them, will account for \$60,000 of

the \$123,750 cost of the five top-priority improvements.

Hiring of a professional penologist to handle the day-to-day operation of the jail was recommended in a study of the jail conducted by the Citizens Research Council of Michigan and the National Council on Crime and Delinquency. A \$20,000 item is earmarked for creation of the post.

Approval of the improvements was recommended by the Supervisors Law Enforcement and Public Safety Committee, headed by Supervisor Ralph Patrick Turco, of the 25th District, at a meeting Wednesday, March 12.

OTHER IMPROVEMENTS in the package include:

Hiring of three persons with college degrees in fields such as psychology and social work to evaluate all new prisoners to see that dangerous and suicidal prisoners receive proper attention. The salaries were set at \$9,000. A psychiatrist to direct treatment of such prisoners has been hired already.

Installation of camera and telephone equipment and ultra-violet lamps to improve surveillance and visitor identification procedures in the receiving section of the jail.

Installation of a daylight

X-ray developing machine in the jail dental clinic.

A \$125,000 appropriation was included in this year's budget for jail improvements. Turco's committee reported that another \$109,590 worth of "immediate" improvements should be made, and recommended that the additional needs be considered in preparation of the budget for the next fiscal year.

All supervisors are members of Ways and Means, which is chaired by Supervisor Frederick Yates, of the 9th District.

Boosters Set Meet

ROMULUS—The Band and Orchestra Boosters Club will hold a special meeting on Thursday, March 27, at 8 p.m. in the Band Room at the Romulus Senior High School, announced Mrs. May Muggleberg, club president.

Among the important things to be planned at this meeting will be a Tag Day to be held this spring. Proceeds will apply to scholarships and uniforms, she said.

Mrs. Muggleberg explained the importance of more parent participation in the activities of the club, emphasizing that the projects and plans for the youngsters cannot be realized without more support from the community.

Girl, 13 Promoted By CAP

ROMULUS—Two Wayne teen-agers were among the more than a dozen Civil Air Patrol Cadets who recently received promotions and awards following completion of training. Members of the Wayne-Romulus Cadet Squadron, both Cadets completed courses in private pilots ground school, military leadership, and drill.

While this represents a major milestone in the careers of both CAP Cadets, both realize that they are also stepping-stones to further education and advancement in the Civil Air Patrol Cadet program, open to all teen-agers between the ages of 13 to 17.

IVY AUSTIN

Their home unit, the Wayne Romulus Cadet Squadron, meets every Wednesday between 7:00 and 9:30 at Romulus Junior High School.

LOCAL LEADER ON MICHIGAN ECONOMIC MISSION TO JAPAN—H. Fred Campbell, chairman of the Board of a five-group development corporation and leading Belleville community leader (right) was among 48 mission members who left Saturday from Metro Airport for an economic study of Japan. Left to right are Walker L. Cisler, chairman of the Detroit Edison's Board of Directors; Hiram L. Hall, Michigan Chamber of Commerce director; Umeo Kagei, consul general of Japan, who briefed the business leaders; and Campbell.

MICHIGAN ECONOMIC MISSION TO JAPAN

MARCH 22 - APRIL 4, 1969

Kettler Re-elected

ANN ARBOR—KMM Associates, Incorporated, Architects, Engineers and Planners, of Ann Arbor recently held its annual corporation meeting at which Walter W. Kettler, A.I.A., of 224 Liberty Street, Belleville was re-elected as vice-president for the coming year and appointed as a director of the firm.

Also elected were Eino O. Kainlauri, A.I.A., president; John Christensen, A.I.A., vice-president and treasurer; Walter J. Myers, P.E., secretary; and Gordon Sluiter, A.I.A., assistant secretary.

increased from three to five members. Besides Kettler, members include Kainlauri, Christensen, George Giguere, P.E., and a yet unfilled position.

Among its current projects, KMM Associates is the architectural firm for the First United Methodist Church now under construction in Flat Rock and the Hannan Road Elementary School of the Huron School District in New Boston, Michigan.

Rapid transit and subway cars, newly designed in nickel stainless steel, weigh several tons and permit savings in power costs and maintenance of an estimated \$10,000 per car over a 25-year span.

At the same time the Board of Directors was

A U.S. Accident Zone: Your Home Sweet Home

Is your home a safe place to spend 10, 16 or 24 hours a day?

Recent statistics reported by the Health Insurance Institute indicate that no one should take the safety of his home for granted. It may be as hazardous as it is comfortable. Consider these home accident figures from government sources:

* Nineteen million Americans are injured in American homes each year. That means that 106 out of each 1,000 Americans is involved in a home mishap.

* More than half the fatal non-transportation accidents in the country occur to people in or around their homes. These figures tell the story: 85 per cent of all deaths from fires and explosions occur in the home; 85 per cent of the nation's poisoning deaths occur there; about 70 per cent of all deaths from poisonous fumes occur in homes; 65 per cent of all fatal falls occur in homes; and 56 per cent of the nation's fatal shootings occur at home not on the range!

WHO ARE the home accident victims?

Generally, the people who stay home the most — namely elderly persons and children under the age of five. These two groups account for two-thirds of all the nation's fatal home accidents. In addition, more women than men are involved in fatal home mishaps.

All of these statistics point up the need for making your home as hazard-free as possible. Be sure all potentially dangerous equipment — stoves, heaters, electrical appliances — are in good working order. And, if repairs are needed, make sure they are done by someone qualified to do the work.

MANY MISHAPS can be avoided through an awareness of the potential hazards. Nonetheless, there is the human factor that can trigger a disaster. Accidents can happen despite efforts to eliminate potential dangers. Children can get into mischief. Elderly people can stumble.

Often, the victims of accidents seriously hurt themselves, requiring medical attention and hospitalization. In this time of rising medical

costs, most families — and four-fifths of the population — protect themselves with health insurance, as a means of offsetting much of the expense.

The use you make of your telephone in an emergency often means the difference between life and death.

Many persons have died in fires — many have died in heart attacks — because the one calling for help did not use the telephone properly.

Many times they are so excited or flustered that they give wrong addresses, wrong street intersections and even wrong cities to the person taking the call.

The Greater Detroit Safety

Council advises that the first step to properly handling a call for help in an emergency is to prepare before the need arises. Near the telephone should be a list of important emergency numbers.

THIS LIST should include the Police Department, the Fire Department, the Family Doctor, the Poison Center, and perhaps others. Know what you are going to say and then say it as calmly as you possibly can. Keep your voice down and speak slowly and distinctly.

And very importantly, stay on the phone to answer any questions that may be asked. Regardless of the type of emergency, the following rules

will assist in receiving immediate assistance.

• Give exact location, including street number, name of street and nearest cross streets. If there is anything unusual about the house or building a brief description is helpful.

• What happened? If it is a fire, what part of the house is involved, and is anyone trapped in the burning building? Is someone bleeding badly — has someone had a heart attack — is poison indicated? Etc., etc.

• Most important of all — don't try to handle the emergency without help, if there is any available. If it is a fire — CALL THE FIRE DEPARTMENT

Confused about time savings plans? Take a close look and you'll find that NO BANK PAYS MORE!*

There have been a lot of claims made about time savings accounts, especially where interest is concerned. However, we think you ought to consider the fact that no bank pays more than 5% annual interest, compounded continuously on time savings.* With this thought in mind, why not go beyond numerical interest, and take a close look at the real thing, the bank's interest in you as a time saver.

We've made it as easy as possible for you to open a Security Time Savings Account. All you need is an initial deposit of \$1,000, and unlike many other plans, you may deposit \$50 or more to your account at any time.

We feel it's important for you to know what your money is doing. As a result, at the end of each calendar quarter, you'll receive a statement that shows transactions made and interest earned. At the end of the year, we'll send you a special statement, for tax purposes. In addition, you will receive a handy passbook-type folder in which to

keep all of your records.

You'll be able to withdraw savings that have been on deposit for a full calendar quarter, during the first 10 days of each succeeding quarter, without notice, or at any time with 90 days advance (the minimum legal requirement) written notice.

Your savings will earn maximum interest until the day of withdrawal. We'll be happy to credit interest to your Security Time Savings Account, another account, or mail you a quarterly check. The choice is yours.

We hope that the preceding has helped to shed some light on a service we think you will be interested in, a Security Time Savings Account. As you can see, we offer "maximum" bank interest, and a personal interest in you. Open a time savings account with us and enjoy the benefits of both!

When it comes to banking, Security is all you need!

MEMBER F.D.I.C.

Earn 5% annual interest, compounded continuously!

*On deposits under \$100,000.

Why buy a BOLENS HUSKY 1250?

The reasons are in Bolens Difference Designed Features

- * Automatic transmission (one foot pedal controls forward, reverse and braking) in a 12½ hp compact
- * Attachments plug into a shaft type PTO coupling, without belts
- * Hydraulic lift, parking brake, electric lights standard
- * Forward speed variable to 8 mph, reverse speed variable to 4 mph
- * 30 attachments available for year 'round versatility

Warrick Named All-Area Third Year

One of the coaches when hearing the final selections of the 1969 All-Area Wrestling Team remarked: "I wish I had that line-up returning next year."

It's only a wish and one can easily understand why: The ANP wrestling squad is one of, if not the best, ever

assembled. With Belleville's Brad Warrick leading the way, this year's grapplers have a flock of league, district, regional champs as well as a couple of matmen who were runnerup in the state.

Warrick, an 18-year-old senior who has gained All-Area recognition for an un-

precedented third year straight, was a finalist in the state in the 103-pound class.

Brad, coached by Jim Richendollar, lost out to Hazel Park's Bill Davids, 4-3, for the gold medal.

Before finishing his prep wrestling career, the Tiger

matman chalked up 36 straight victories and wound up with a 36-2 overall mark which included the Suburban Six, District and Regional crowns. Last year he was the top 95-pound in the area and also won conference and regional titles.

Brad's teammate, Steve Hampton, is the only other grappler to represent coach Richendollar's team, Hampton was selected All-Area for his outstanding year as a 138-pounder.

Hampton compiled an outstanding record in '69, winning 14 matches in a row at one stretch. He wound up with a 27-6 record which included second places in the league, Garden City East Invitational and a third at the regional.

Steve also competed in the State Finals at East Lansing. Three members from Wayne Memorial's team bring impressive credentials to this year's mythical squad. They include Don Wallace, at the 120-pound class; Gary Root, 154; and Rick Wilhelm, 165. Wallace, an 18-year-old senior who lettered three years, compiled a 29-2 record this season and was undefeated in dual meet competition.

Runner-up in the state after losing in the finals to Chris Antonetti, of Detroit Catholic Central, Don emerged as the Sauk Trail Conference, District and Regional champ.

The second of coach Ray Rafford's team selected for All-Area honors was Gary Root, who also has been a member of the Zebra varsity for three years.

Root, who fought his way to a 20-10-1 record in the 154 pound class, placed sixth in the state. He also was second in the District and fourth at the Regional after winning at the Glenn Quadrangular.

Wilhelm, an 18-year-old senior who also earned three varsity stripes in wrestling, claims the Sauk Trail Conference championship as well as medals from the Garden City East and Saginaw Invationals.

The key to the Zebras strength in the heavier weights, Rick has a 28-4 overall record for his senior year. He plans to continue his education and wrestling at Central Michigan University.

Returning from last year's squad is Garden City West's Rick Stewart who has another year to duplicate Warrick's feat. Stewart, a 16-year-old junior, brings a 30-7 overall record to this year's team, is District Champ as well as the Trenton Invitation titlist.

Rick placed second at the West Invitational and was third in both the Lansing and Redford Union Meets.

Terry Rhoades, the second grappler to be picked from coach Dean Shipman's team, is a 127-pounder who carries

a 31-10 record for the past two years.

Rhoades, also a junior, captured the West Invitational and the Henry Ford Community College titles and was second at the Lansing Eastern Tournament while he placed third at the East, Trenton and District Meets.

Franklin's Frank Rekieta climaxed an outstanding career as a member of coach Pete Kokanakes' team. A 145-pounder who won three varsity stripes, Frank has accumulated a 105-7-2 overall record over the span of three years and has compiled (See WARRICK, Page 16)

SECOND STRAIGHT YEAR

Rafford Selected As Mat 'Coach of Year'

It isn't often a coach is voted Coach of the Year two years in a row, but Ray Rafford, Wayne Memorial wrestling coach is selected for that honor. He had a near perfect season.

Rafford guided his Zebras to a 12-1 dual meet record and a second in the tough Sauk Trail Wrestling Conference to earn the ANP's award as "Coach of the Year".

Wayne lost only to Ypsilanti in the league, a team ranked No. 2 in the State this season,

and posted its best record ever on the mats.

"It's a combination of things," explains coach Rafford who holds a masters in math education. "The kids believe in themselves and we're getting some outstanding assistance from Don Hanes."

"I feel we have solved most of our problems here at Wayne," said Rafford.

Hanes, an assistant coach, is a two-time Big Ten champion who graduated from University of Michigan.

(See RAFFORD, Page 16)

RAY RAFFORD
Coach of Year

Huron Relays Set for March 28-29

Celebrating its fifteenth anniversary at the peak of track popularity, the Huron Relays has invited 73 Class A high school track teams and 54 Class B teams in Michigan and Ohio to compete in the 1969 Relays March 28-29. All events will be held in the Bowen Field House at Eastern Michigan University in Ypsilanti.

The Huron Relays, traditionally signaling the opening of the high school track and field season, is headed this year by Bruce Waha, Redford High School track coach.

The meet, sanctioned by the Michigan High School Athletic Association and the National Federation of State High School Athletic Associations, is sponsored by The Detroit News.

Class B schools will compete Friday, March 28 beginning at 1:30 p.m. with finals competition at 6:00 p.m.

Preliminary competition for Class A schools begins at 12:30 p.m. on Saturday, March 29 with finals competition at 6:00 p.m.

Last year's Class A champion team was Pontiac Central High School, Shelby High School from Shelby, Ohio was the Class B champion.

Tickets for the two day meet are available at the ticket counters at Bowen Field House on the days of the events. Admission for adults is \$1.50 and students price is \$1.00.

For information on your breathing troubles, understanding them and treating them, contact your Tuberculosis and Health Society... WO 1-1697. They have helpful publications on respiratory diseases free of charge.

Some Mat Problems

How do you pick an All-Area wrestling team? Now, don't leap first and think afterwards, that question is as complex as the seating arrangement at the Paris "Peace" talks.

In swimming, you gather the boys who have the outstanding times in each event and honor them. And in basketball, points are usually good criteria (though not the best) to figure out how a player has fared in a game or season.

But in wrestling? What criteria do you use?

Take, if you will, the following example: a boy wrestles 133 throughout the season and then drops to the 120 pound class for the state tournaments. His record in the 133 was mediocre but at 120 he becomes district champ.

And, another wrestler, at 120 has an outstanding year but fails to make the grade at the district. Neither two grapplers met during the season - which is dubbed All-Area?

Confusing?

And, because of the confusion, the wrestling coaches met last week at John Glenn to bring some sort of rational to the selection of such teams.

However, since three of the coaches - Franklin's Pete Kokanakes, Belleville's Jim Richendollar, and Garden City East's John Kulzakena were "lame duck" coaches, nothing concrete was decided upon until the next season.

All three veteran mat strategists have resigned their positions as head coaches effective this year.

The other four - Ray Rafford (Wayne Memorial), Bob Lusk (John Glenn), Jim Stallings (Romulus) and Dean Shipman (Garden City West) - agreed that some definite criteria are necessary.

"First of all, I feel it's more meaningful if the coaches get (Continued on Page 16)

4 of 5 First Stringers
Unanimous Choices

An ideal backcourt, blessed with two magical playmakers, plus a pair of solid cornermen and an all-round center noted for his consistency, go into the making of the 1969 ASSOCIATED NEWSPAPERS' All-Area High School basketball team.

Four of the first five: Larry Smith of Romulus; Robert Grayson, of Inkster; Harold Slade of Garden City East and William Healey of Inkster were unanimous choices to this year's mythical team while the fifth member, Duane Drewitz, of Garden City West, is the only member of the squad to repeat from last year's selections.

Drewitz, a 6-foot-4 three year varsity cager, is the first half of a scoring duo which lifted West and coach Chris Babler to their first Tri-River Conference and District Championships.

Teamed with his brother, Rick, the Drewitzs scored at an 18 ppg pace.

An aggressive ball-handler who was also named to the All-League and Suburban teams, Duane is considered one of the best all-round cagers ever to play at West High.

Inkster, the undefeated Mid-Wayne Conference and District champ whose road to the State Class B title was

blocked by River Rouge, the eventual state champ, is represented on the first string with guard William Healey and forward Robert Grayson.

Grayson, 6-foot-2 made Inkster's opposition moan all year. He's tempestuous with or without the ball and few were able to stop him this season. He scored 334 points for 16.7 percent but he made 51 percent of the shots he took.

"Not only is he an all-round player," said coach George Thompson Jr., "but he has more poise than any player that I've seen."

"He rebounds, an excellent defensive man, you name it, he does it," said the Inkster coach.

Grayson's teammate, Healey, also is noted for his mastery of fundamentals which helped him to become the team's leading scorer with 354 points to his credit.

Healey sets up his teammates so well that in one game he posted a one game high of 14 assists. He also gained for himself All-Suburban recognition as well as becoming a league selection.

In fact, four of Inkster's starting quintet were named to the Mid-Wayne Conference team this year.

Slade, selected to work the backcourt with Healey, is a tremendous ball handler who notched a fantastic 210 of 261 at the free throw line for East's Panthers in the last three seasons.

The 5-foot-7 speed demon is considered as one of the best guards ever to play at East High.

Under Slade's inspired leadership, the Panthers made a strong bid for the conference title, falling into second after winning it the previous year.

He took 276 shots during the '69 campaign and made 100 of them for a .375 average and finished with a total of 305 points for 16.9 average. Of the 126 chances at the free throw line the Panther captain sank 105.

"Harold is one of the best ball handlers I've ever seen," said coach Billy Joe Young, "and his shooting speaks for itself."

Slade was also an unanimous choice for All-Conference.

Larry Smith, Romulus' 6-foot-5 senior center, was coach Al Duva's most consistent player as well as top scorer and rebounder.

Rafford says that his assistant is the key to supplying the "boys with the finer points of the sport."

But, whatever the reason, Rafford, Hanes and Wayne are now producing winners. From his first season which ended with a dismal 3-10 record, coach Rafford has steadily built. His team compiled a 5-7 mark in his second year as head coach and, last year, the Zebras finished 9-3.

Will they ever be able to step out of the shadows of Ypsilanti, the perennial Sauk Trail Wrestling king?

"The rate we're going I'm confident that we should be able to unseat them. But let's not forget that they have had junior high wrestling in that city for quite some time and we have only begun a program on that level this year."

Rafford, his wife, Barbara, and their one daughter make their home in Westland.

Highly respected by his rivals, he proved he could score despite the fact that the opposition usually double teamed him.

Smith finished the season with 373 points (19 ppg) and he also picked off 388 rebounds to lead his team in that category.

One of two who ever start on the school team as a sophomore, Larry has three years of varsity experience and is considered outstanding collegiate material.

He also was picked on the Twin Valley Conference as well as the All-Suburban teams.

LARRY SMITH
Romulus

Sports Meridian

(Continued from Page 15)

together to pick these teams instead of handling it by phone," said Coach Lusk. "It's too important to the kids and our schools to try to pick this team in a hit-and-miss effort."

All of the coaches agreed that "getting together would resolve some of the problems, but not all."

'Lame Duck' Coaches

'Objectivity' was the key-note to Stallings' approach to All-Area selections.

"Being selected to All-Area means an awful lot to these kids. It could lead to college scholarships and this is why we must be as objective as we can," he said.

Shipman added that the All-Area helps build his program in Garden City and that guidelines were needed to assure a wrestler of making the team.

He suggested that a candidate should make weight three times in one particular class in order to be given consideration.

"I don't feel we can set arbitrary guidelines," said Richendollar, "the best criteria, of course, are when wrestlers meet one another on the mats."

"When they don't you're going to have problems, no matter what," he said.

"Some of these boys wrestle three of four weight classes," said Kulazenska, "and coaches juggle them to fit the situation. Here's where the problem comes."

"And I don't see how you're going to be able to avoid or resolve that," he pointed out.

And those problems remained problems until someone can come up with a solution - but all seven coaches agreed that "we should select the best team the area has produced for the year."

Boy, Oh, Boy!

Here's the way Rafford put it: "The way I look at it is that I could pick the best possible team - a team which I would like to wrestle anyone else with."

And that's what we have tried to do. Leave it to Lusk to remind us that we favor basketball a wee bit more than the other sports. "Is it true," said the Glenn coach, "that your organization feted the cage coaches twice this year? How come the wrestling coaches don't rate?"

And Shipman came up with the answer.

"Basketball, after all, is a minor sport, Bob. They need to get their gratification from somewhere else."

Oh, well, that's sports, boys!

Plenty of Height
on Second Team

Three players towering 6-foot-5 and over form the nucleus of this year's Associated Newspapers' All-Area Second Team. But college coaches need not hurry to sign them up - all three are juniors.

The three: Rick Drewitz, of Garden City West; Rick Wasilewski, of Huron; and Duane Fox, of Inkster, will be around to plague their rivals next season.

Rounding out the second five are Robichaud's prolific scorer, sophomore Jim Alverson, and Wayne Memorial's senior sharpshooter, Ron Daniel.

Drewitz, a 6-6 pivotman for West, was instrumental in leading the Coach Chris Babler's Tigers to their first Tri-River and District cage titles. A deceptive center with excellent moves, Rick pumped in baskets at the rate of 18 points per game.

Considered the best center in the six year history of the school, Rick firmly established the Tigers as one of the

best teams in the area this season, lifting the Garden City West quintet into the Regional finals for the first time in the school's history where they lost to Southwestern.

Coach Babler hopes to continue his team's reign in the Tri-River Conference, where Drewitz was picked also on the first team, with this highly touted center.

Wasilewski, at 6-6, hit fantastically from the floor. He chalked up 361 points for 18 games, making 145 of his attempted 199 shots for a phenomenal .725 average.

Rick also sank 71 of 110 from the free throw line and snared 385 rebounds for the season to also lead his team in that category.

Wasilewski also was honored on the All-Huron Conference team.

"He's a tremendous ball player," said coach Dave Court. "He dominated almost every game he played in and should have a brilliant senior year."

Wasilewski was recently selected to captain next year's Huron team.

Fox is the third member of the Inkster quintet to be honored on this year's ANP squad. Playing his first season of varsity basketball, he captained a team which went undefeated in the Mid-Wayne Conference and also captured the district championship.

The Vikings lost out in the Regionals to Rouge, the newly crowned State Class B champ, after a bitter struggle.

Fox averaged 15 ppg, hitting on 114 of 223 shots from the field and 78 of 115 from the foul line. He also had a total of 234 rebounds.

Alverson debuts on this year's mythical team as a sophomore, earning the berth as a smooth ball-handler and playmaker.

An excellent outside shooter who averaged 19 ppg, Alverson collected a total of 352 points for the season. With tremendous potential, cage fans in the area and state will hear a lot of his 5-foot-10 guard before he hangs up his jersey two years hence.

Daniel was the core of Wayne Memorial's team and led the area scorers for seven weeks this season. A three year varsity member on coach Doug Myers' team, Ron sank 47 against Edsel Ford for a career and area high.

He also emerged with 32 points in two other games. Wayne pinned its hopes on the 5-foot-10 guard and he was a pleasant surprise in what was a very glum year for the Zebras.

WARRICK NAMED

(Continued from Page 15)

a 32-2 mark this year. Placing first at the East, West, Northville and Livonia City Invitationals, Rekieta also has gold medals from his victories in the district and Northwest Suburban League.

He finished third in the regionals and has had only one lost in dual meet competition in three years on the mats.

Teammate Bruce Geier was a pleasant surprise to the team. A sophomore, this 16-year-old grappler captured the league, district and regional championships route to a fourth place in the state.

Geier picked up 22 victories against six losses for his inaugural year.

John Glenn which won the Northwest Suburban Conference title out-right for the first time is represented on All-Area in three weight categories - the heavyweight, 175 and 133 pound classes.

Heavyweight Tim Ottewell, a 17-year-old senior who tips the scales at 180-185, battled grapplers much heavier than himself and managed to stroll off the mats with a perfect 11-0 dual meet record and a 21-3 overall mark.

ity which supports you, you're going to get results," he said.

Married to Janice, Thompson has four children - "two future cage stars" - George III, 10, and Gregory, 6; and two girls, Deliena 9, and Dena, 5. The Thompsons make their home in Inkster.

"And the community with all of our fans got behind us, and when you have a commun-

area's best record - 18-2 for the season.

For his outstanding accomplishment as head coach at Inkster, the ASSOCIATED NEWSPAPERS is honored to select Thompson as the "Coach of the Year."

Thompson, who won similar honors as tennis coach, is a graduate of Belleville High School. He earned his B.S. from Eastern Michigan University in 1959 and was awarded a degree in science with majors in biology and physical education.

George took over the Vikings in mid-season of the 1965-1966 campaign when Inkster was left without a coach. He quickly went to work establishing the basis for his present day team.

"We started a summer basketball program," said coach Thompson, "and slowly the tide began to shift. I would

Greenhouse Sets Annual 'Open House'

BY PEARL MORRIS
WH 1-1187

On Sunday, March 30, the Mach's Greenhouses, 7608 Merriman Road will hold their annual Palm Sunday "open house" from 10 a.m. to dark. Hundreds of Easter lilies, hydranges and other Easter blooms will be on display. This is a fine opportunity for local camera fans to take some good color shots.

Cpl. Harry Bell of the U.S. Marines, son of the Harry Bells, Sr. of 37751 Wabash Road, was recently wounded in the side while fighting in

Vietnam. The youth was injured March 19, according to a governmental telegram received by his parents. He is now on a U.S. Hospital Ship in that area.

SP/4 John W. Maynard, a former Romulus resident, who recently had his leg blown off below the knee while serving with the U.S. Army in Vietnam, would like to hear from local friends. Write him at his new address: SP/4 John W. Maynard, US5498384, 7th Field Hospital, Camp OJI, A.P.O., San Francisco, 96344.

Mr. and Mrs. John

Woodrow and their daughter, Rita, and family, Sgt. and Mrs. James Carpenter and son, James, Jr., are visiting relatives in this area, from their home in Morehead, Kentucky. The group wanted to take a five generation picture while here. Little James, Jr. was born February 1. His great, great grandparents are Mr. and Mrs. Edward Wurtzbacher of Farmington and his great grandparents, Mr. and Mrs. Lewis Jensen of Detroit. The Woodrows formerly resided on Barth Road.

On Palm Sunday, (March 30) there will be a breakfast

for men only of the Romulus and New Boston United Methodist Churches at the New Boston Church on Huron River Drive. The time is 8 a.m.

The following men were recently chosen by Rev. Lonnie England, pastor, to serve on this year's building committee for the Calvary Baptist Church, Ozga Road: Clarence Garner, Galen Warren, Gene Mulberry, Wesley Hoyle, Karl Ziemann, Gary Moore and Charles Graff.

Don A. Griffin, Wayne County Intermediate elementary consultant, is the coordinating chairman for the second annual inter-institutional "Improving School Programs" workshop now being held as an outgrowth of a 1968 federally-sponsored educational in-service project. From January 14 through May 20, the workshop will focus on two major areas: equalizing educational opportunities or individualizing instruction. Participating from the Romulus Community Schools are: Romulus Elementary; Margaret Bird, principal; Jordan Washington, Matilde Dolan, Margaret VanLoo, Carol Snyder; Gordonier: Dolores Wells, principal; Lois Avery, Celestine Jackson; Cory: Mae Fielder, Mary VanWyke, Mattye Green, Vermita Gilkey, Annie Ellis; Mt. Pleasant: Esther Frazier, Karen Price; Harrison: Gladys Baker.

The Bob Banks family has moved into their new home at 36917 Mario Ann Court, Romulus. The Bankses formerly resided on Sharon Street.

Mrs. Verla Bouchard of Detroit, niece of Mrs. Gertrude Krauss, 34721 Pennsylvania Road, recently spoke and brought her Leader Dog to the St. Thomas and Peter Lutheran School. Mrs. Bouchard, who became blind about four years ago as the result of a cleaning fluid

mishap, will visit schools, Girl Scout organizations, etc. upon request. She received her seeing eye dog in Rochester three years ago. Mrs. Bouchard was reared by her aunt, Mrs. Krauss, during her childhood and young womanhood.

Their daughter, Sister Elizabeth Seton of St. Patrick's School, Carleton, her friend, Sister Mary Benedict, and Mrs. Flora Morris of Huron River Drive enjoyed dinner last Tuesday with Mr. and Mrs. Pete Glaab of Hannan Road. The meal was prepared by the two nuns.

Mr. and Mrs. Melvin LeBlanc of Allen Park were Sunday visitors of the Pete Glaabs on Hannan Road. A dinner party honoring Mrs. Ruby King on her 92nd birthday was held Sunday at the home of Mr. and Mrs. Austin King on Hudson Street. Among those present were: Mr. and Mrs. John Manning of Lakeport, Miss Virginia Smallmon of Saginaw, Mr. and Mrs. Arnold King, daughter, Noreen, of Saginaw; Mr. and Mrs. Robert King and Carol of Dearborn Heights; Mrs. Karl Esper of Livonia, and children Jimmy and Janet; Mrs. Judy Harber of Detroit, Miss Janet McCarty of Taylor. A beautiful corsage was presented to the elder Mrs. King by her great grandchildren, Jimmy, Janet and Carol.

The Ausin Kings of Hudson Street received a letter from their son, John, in Temple, Texas, informing them he was severely injured in an automobile accident (test car) but is recovering.

Thailand Action
BELLEVILLE—Airman First Class Henry M. Koski Jr., son of Mr. and Mrs. Henry M. Koski of 92 Montague Street is on duty at Nakhon Phanom Royal Thai AFB, Thailand.

Airman Koski, a munitions specialist, is assigned to a unit of the Pacific Air Forces.

Assigned

NEW BOSTON—Army Sergeant Russell E. Batten Jr., 22, whose parents Mr. & Mrs. Russell E. Batten, Sr., live at 27845 Grix Road, Flat Rock was assigned as a motor sergeant in the 2nd Infantry Division's 2nd Engineer Battalion in Korea, Army Official announced.

The oboe is also known as the English horn, but the term is misleading because it has no relation to the horn and actually is not English.

"YOUR BEST BUY" IS AT COLUMBIA & HIGH

This ad might save you about 500 bucks.

It's simply a matter of arithmetic. Say you're about to buy a new water heater. You have two choices. Gas or electric, right? Wrong. Once you read the facts you'll find that Gas is the only choice. And here's why: Gas heats water faster for about ½ the cost of electricity. For the sake of argument, say you have two hot water heaters. A 40-gallon Gas heater. And an 80-gallon electric. Well, the truth is, that the 40-gallon Gas heater will produce more hot water than the 80-gallon electric for ½ the cost. That alone could save you as much as 50 dollars a year. And in ten years, that's roughly 500 dollars. Like we said; do you really have two choices? Bet you 500 bucks you don't.

Church Program

BELLEVILLE—A special program is being held tonight, (Wednesday, March 26) at the Belleville United Presbyterian Church at 7:30.

The guest speaker, the Rev. Donald Wright, associate pastor of the First Presbyterian Church of Dearborn, will give an illustrated talk about the experiences of his high school student work camp held in Ethiopia last summer.

While the program should be of interest to all, Rev. Wright speaks with a special appeal to youth.

The program will follow a family pot-luck supper starting at 6:30 p.m. and all members and friends of the Presbyterian Church are invited to attend.

Wilson F. Wood, pastor of the Belleville Presbyterian Church will preside over the program which is being sponsored by the Christian Education Committee of the Belleville Church.

Youth For Christ Sets Easter Youth Weekend

ANN ARBOR—The Huron Valley Youth for Christ will sponsor a big Easter Youth Week End on April 4 at 6 p.m. with a semi formal Teen Banquet. Then on Saturday, April 5, 7:15 p.m. there will be the Teen Rally at Ann Arbor High School.

The weekend will be finalized with a unique Teen Breakfast and Sunrise Service beginning at 6 a.m., Easter Day, at Bethany Bible Church in Ann Arbor.

Tickets for the semi formal banquet are \$3.50 and tickets for the Sunrise Breakfast are 50 cents. They may be obtained by calling Huron Valley Youth for Christ 769-4230 or 761-1455.

THE BANQUET will feature Mel Johnson “Mr. Tips for Teens” himself, and recording artist Gloria Roe. Mel Johnson’s daily radio broadcast “Tips for Teens” is heard on network of stations throughout North America as well as select overseas stations. It has won national radio awards and it was designed with youth in mind.

He has been associated with Youth for Christ for 15 years and served as Vice-President from 1961-1965. His teen slanted books and booklets now number 15 and include such titles as: “Wonderful World of Teenager,” “How About That?,” and “Going Steady.”

He has spoken in scores of churches and youth rallies throughout the United States and Canada. Mr. Johnson is an accepted speaker in High School assembly programs and has had the opportunity of going to the Orient to work with teens.

WITH MEL JOHNSON is Gloria Roe, a gifted composer and recording artist. She recently completed a

Gloria was under contract with Screen Guild of Hollywood, where she had her own radio and television series. She is now engaged in extensive sacred concert work and lives in Arcadia, California.

Wins Trip

ROMULUS—A Romulus Junior High School student won a two-day trip to Washington, D.C. for his outstanding work as a news carrier, his parents reported Monday.

The student is Keith Cardwell, 14, son of Mr. and Mrs. Darrell L. Cardwell of 12400 Harrison. Keith was among news carriers that left Metro Airport Monday morning for Washington, D.C.

Sgt. Hollis Buck Sent to Thailand

ROMULUS—Sergeant Hollis L. Buck, son of Mrs. Earline Buck, 8884 Copland, Detroit, is on duty at Nkahon Phanom Royal Thai AFB, Thailand.

Sergeant Buck, a sanitation specialist, is assigned to a unit of the Pacific Air Forces. Before his arrival in Thailand, he served at Francis E. Warren AFB, Wyo.

His wife, Glenda, is the daughter of Mr. and Mrs. John Fears, 19097 Buck Road, Romulus.

Area Obituaries

SMOLINSKI, Raymond J., 43, of 14205 Hannan Road, Romulus, passed away at his home March 18, death attributed to a heart attack. Mr. Smolinski was last employed at Willow Run Hydramatic.

The deceased was a member of St. Aloysius Church, Romulus, and a veteran of the U.S. Navy, World War II. A full military funeral service was conducted by the Romulus V.F.W., Post No. 9568.

He is survived by his wife Dorothy J.; children, Victoria, Raymond, Jr., Lawrence, Patricia, and James, all at home, and his parents, Mr. and Mrs. Stanley Smolinski of Detroit. Also left to mourn his passing are seven brothers and sisters: Stella Jordan, Stanley, Norbert, Chester and Leonard Smolinski of Detroit, Walter Smolinski of Taylor and Sister Laurine of Bronson, Michigan.

Funeral services were held March 21 from the Baum Funeral Home and St. Aloysius Church, Romulus.

Rev. Joseph Kernosek of the St. Aloysius Church officiated. Interment was in Romulus Cemetery.

FUNERAL SERVICES for Arthur F. Turner, 29928 Prescott, Romulus, were held at 11 a.m. Monday in the Taylor Chapel of Howe-Peterson Funeral Home. Burial was in Michigan Memorial Park Cemetery.

Mr. Turner died Friday, March 21 in Veteran Hospital, Allen Park.

He is survived by his wife, Robby Jo and the following brothers and sisters: Mrs. Florence Solomon, Mrs. Milton Frances Malaney, Ruthe Turner, Ralph Turner and Burton Turner.

Mr. Turner was born on April 26, 1908 in Port Henry New York. He was a veteran of World War II, and was employed as an operating engineer with Moto-Crane Company.

SERVICES FOR Mrs. Arlene Smith, 35, daughter of Mr. and Mrs. Arthur Parker of 10148 Sterling, Romulus, were held at Rosebud, Arkansas, where Mrs. Smith passed away March 14. Burial was in Rosebud.

Mrs. Smith, who was a former resident of Romulus, is survived by her husband, Billy Smith, three daughters: Juanita, Loretta and Cherry and a son, Danny Smith in addition to her parents.

Three Local Men Selected As Jamboree Leaders

One Livonia, one Huron District and one Northridge District Scout leaders have been named among the 36 leaders from the Detroit Area Council, Boy Scouts of America, selected to accompany 460 Scouts and Explorers from the Detroit area taking part in the 7th National Boy Scout Jamboree at Farragut State Park, Idaho, next summer.

Vincent Pellerito, 11403 Melrose, Livonia; William H. Coombe, Northridge District Participation Chairman; and Charles C. Bennen, 306 School Street, Clawson are the three Scout Leaders named.

Bennen will serve as Scoutmaster of Jamboree Troop 23, and Pellerito as one of two Assistant Scoutmasters serving in the same troop of 37 Scouts. Anthony Talaga, of Belleville will be the second Assistant Scoutmaster of this jamboree troop.

ALL THREE jamboree leaders have an outstanding

leadership background, particularly in the area of outdoor camping and in the patrol method of troop operation, and they have been actively engaged in leadership on the boy level as called for in the requirements set forth by the National Boy Scout Council in selection of jamboree troop leaders.

This jamboree troop will be one of 12 representing the local council at the huge encampment at Farragut State Park in the mountainous country of northern Idaho next summer.

There is still space in most of the troops for Scouts or Explorers who would like to take part in this once-in-a-lifetime Scouting event and who can meet these requirements:

Scouts must be registered members of the Boy Scouts of America and be at least 12 years old as of Sept. 1, 1968, but not 18 before July 1, 1969, and must have attained the rank of Star Scout by July 1, 1969. Explorers must

be registered members of a Scout troop or an Explorer post on or before July 1, 1968, and have had camping experience. All boys must meet health and medical requirements as called for by the National Council.

TWO JAMBOREE participation plans are offered by the Detroit Area Council. Those signing up for Jamboree Tour "A" will leave Detroit on Tuesday, July 8, and will sightsee at Seattle, Pudget Sound and Victoria, British Columbia enroute to the jamboree, and will sightsee at Glacier National Park on their return to Detroit on July 25.

For complete information on the jamboree, fees, personal equipment, training, and application forms, parents and leaders may call any of the jamboree troop leaders, or they may call the Detroit Area Boy Scout Service Center, 897-1965.

Ford Museum Houses Trail Blazer Airplanes

By Bill Balogh

THE JET AGE—With all its supersonic aircraft and near sonic travel throughout the world still has to take a back seat to the early-bird aviation buff.

Calls and letters weekly to this writer ask about the "old timers", how about more stories, can you get pictures of them, are there any anywhere nearby that I could see or show my offspring? These are just a sampling of the many inquiries about another era of this flying world.

Of the very few such museums wildly scattered around the world, one is right here in the Henry Ford Museum at nearby Greenfield Village in Dearborn.

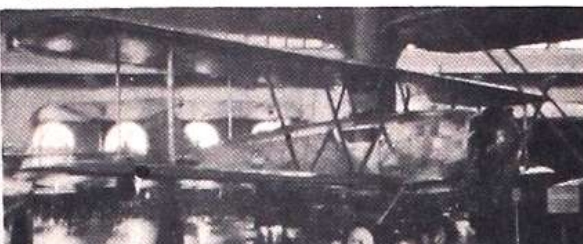

One of the finest collection of original "aviation greats" are on display here. While the collection of aircraft is not too numerous they are the actual aircraft that made pioneer aviation history in skies of the world several decades ago.

To name a few, Admiral Richard Byrd's Ford and Fokker tri-motor airplanes that he flew over the South and North Poles. The world's first "flier" airplane. The world's first passenger-mail Boeing Biplane. These are just a few that are on display in the transportation building along with many other aviation items of historical note.

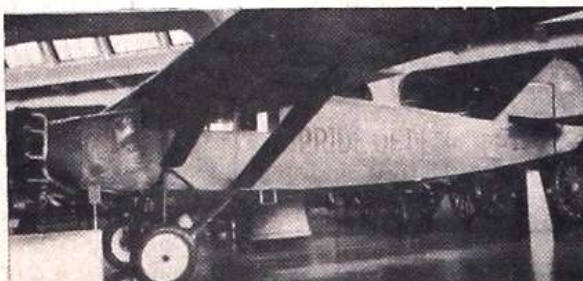

1918

CURTISS "JENNY" America's first all-out aircraft venture as a WW-1 Army flight trainer. Later years used for varnstorming, mail carrying and personal aircraft.

BOEING B-40B One of earlier air transports where passengers rode inside and pilot flew aircraft from open cockpit on top.

1929

STINSON DETROUTER "Pride of Detroit" set records and flew around world was made at Sinsco Stinson factory here in Wayne, Michigan.

1928

JUNKERS "BREMEN—" German all-metal airplane, first to fly Atlantic from East to West.

The Letter Box

TO THE EDITOR:

TO THE EDITOR:

Father Rose stated he doesn't "understand many factors that could well be involved" regarding the School Board's decision to provide 3 buses for the Belleville High School Ski Club and voted against providing transportation for the OEO program.

I also do not know all the facts but can assume the OEO program would involve buses during the school day when the buses are needed to transport students to school and home. No doubt, this means picking up and taking home these pre-school children to widely scattered areas of the community.

THE SKI CLUB uses one bus per trip which is always on a Saturday when the buses are not used for school transportation of students.

Father Rose admits not knowing the facts but obviously became distressed over the matter because he is assuming the Ski Club members are not "poor and from politically inactive families." Does Father Rose feel the well-behaved, sports loving students are to be penalized because they might be from hard working, tax paying, church going families, who because of thrifty and diligent habits might be "middle class."

Parent of Ski Club Members (Editor's Note: Father Rose is Rev. John B. Rose of St. Anthony Church.)

Many thanks and sincere appreciation is due Fire Chief Joseph Hogan and his volunteer firemen. They worked diligently in eliminating a hazardous fire condition around my home consisting of dry grass.

They burned the large area of dry grass that existed on my property and then extinguished the fire thus preventing an accidental grass fire that could have destroyed several buildings on the property.

Mrs. Marie Feitel
43300 Expressway

TO THE EDITOR:

We as residents of Belleville for twenty two years would like to say, we love our City of Belleville and have always been proud of our schools and how they rated tops A 1.

We hope that they will continue to be A1; and we wish to state, we agree whole-heartedly with the school board in their decisions, to uphold the High Standards of our schools. When respect for real discipline is gone—What happens?

Mrs. Peter Flotte

Pageant Announced

ANN ARBOR—Washtenaw Community College will hold the First Miss W.C.C. Beauty Pageant on March 29, at the Willow Run High School Auditorium at 7:30 p.m.

The winner of the Miss W.C.C. Pageant will be entered in the Miss Michigan Junior College Beauty Pageant at Grand Rapids on May 1.

The contestants who will be running for Miss W.C.C. are Emily Apap, Elaine Arbour, Miriam Hyde, Sandra Knoll, Gail Stenning, and Dinah Stone.

The pageant will be judged on poise, personality, intelligence, charm and beauty.

Romulus Concert Tonight

ROMULUS—The Sounds of '69 will be the theme of the performance to be given by the Romulus High School Band and Orchestra tonight (March 26) at 8:00 p.m.

Featuring the Romulus Senior High Concert Band, Orchestra, Pep Band and String Ensemble and under the guidance of Gideon Pettway, the concert will demonstrate the abilities of the youngsters who have worked diligently under the

handicap of a restricted music program.

The String Ensemble is of particular interest. It is a trio consisting of two violins and a cello. Lowell Askew will play first violin, Andrea McAnally second violin, and La Terry Butler on the cello.

There will be a \$1 admittance charge for adults and 50 cents for students and children.

The concert will be held in the High School gymnasium.

Romulus High in Parade

ROMULUS—The Wearin' of the Green was also the Wearin' of the Maroon and White for the Romulus High School Majorettes when they marched in the St. Patrick's Day Parade in Detroit on March 17.

Sponsored by the United Irish Societies, the parade stretched down Woodward Avenue and the marchers logged about two and a half

miles, said Mrs. May Muggelberg, Band Boosters president.

Paula Cucciara, Linda Elwart, Sue Evans and Margie Rhode, Majorettes, debuted their new uniforms purchased by the Band Boosters Club, and stepped high to the spirited music of the Romulus High School Band under the direction of Gideon Pettway.

Twirlers Bake Sale

BELLEVILLE—Members of the "So-Fiss-Tee-Kats & Kittens" an area baton drill corps, will be holding a bake and candy sale in front of Kirk's Drug Store this Saturday, March 29.

Several members of the group are registered in the Michigan Association of the Amateur Athletic Union of the United States.

Five of the girls in the baton and drill corps unit will be competing in the Second Michigan AAU Baton

Twirling Contests to be held on Saturday, April 19 in Dearborn.

Competing for the first time are Cindy Tresler, Kim Roulo, Debbie Landoski and Kim Eichold. Miss Veronica Richards has won a third and fifth place medals and is the only veteran competing in the group.

The girls with other members are getting routines and costumes into order for their recital in May.

BATON DRILL CORPS SPONSORS BAKE SALE—A bake sale and candy sale will be conducted in front of Kirk's Drug Store this Saturday, March 29 by the above group members of "So-Fiss-Tee-Kats" to aid in competing programs. Homemade bread, pies, cakes and cookies will be on sale as well as assorted candy.

... The Toughs ...

In the decade after World War II, when great numbers of blacks and whites from the South went to work in the cities of the North and West, there was a measure of violence in the public schools. Much of it was racially caused. Or it was the fighting of gangs and young toughs. But it tended to be isolated among the youngsters themselves. Police and school officials were in control.

The blackboard-jungle stage came in the fifties. Under a kind of minors' Mafia reign of terror, the inner-city schools were hard-pressed to defend their faculty and property. The police became less effective in the face of public sentiment against strong action. But still, the teaching went on.

Today, the teaching often stops outright. And even where schools have not been closed by militant parent or minority group actions, the level of tension is such that learning is grievously impaired.

IN NEW YORK CITY, a plan to appoint security officials to 20 of the city's most troubled junior and senior high schools was proposed over the weekend. But the schools' staffs oppose it. They want stronger measures to keep out outside troublemakers

as well as to deal with the 4,000 to 5,000 "hard core" disaffected.

The latter are a particular thorn for the modern school administrator. At an earlier time they would have been "gotten rid of" through expulsion. But today, through threats of court action, the unwillingness of school boards to make suspensions stick, and the knowledge that there is no other place for them, these "hard core" youngsters are constantly returned to the schools to wreak further havoc unless they quit or are jailed for an outside offense.

In Detroit, in Los Angeles, the student violence theme is the same. Young disrupters are not dealt with because the adult community is split—into militant rights' groups, and parent, faculty, and administration camps.

The police are hampered because their actions offend one or another of the groups involved.

But the graphline of student violence that has risen steadily since the start of World War II must be turned downward. There must be order before there can be learning.

It's time to deal toughly with the problem of the toughs. Their lawlessness is being permitted solely through adult confusion and strife.

Wayne County Supervisors Report

The Ways and Means of the Wayne County Board of Supervisors has approved recommendations from the Judiciary Committee and the General Government Committee. The recommendations will go to the full board.

The Judiciary Committee, headed by Supervisor Eugene A. Sikora, of the 7th District, recommended that Circuit Court be authorized to fill 12 new jobs authorized in the current budget. They include six probation officers and six office workers.

The General Government Committee recommended that the Board of County Auditors be authorized to fill 13 already budgeted positions in the field of data processing and computer programming. Supervisor James DeSana, of the 23rd

District, is chairman of General Government.

FOUR OTHER committees held meetings during the March 10-14 week.

The Transportation Committee, meeting March 11, heard several Dearborn residents complain about jet airplane landings at Detroit Metropolitan Wayne County Airport, a county facility. The residents claimed there is danger and excessive noise from low-flying planes.

As a result of the meeting, the Transportation Committee asked the County Road Commission, which operates the airport, to study the feasibility of relocating a planned 10 200 foot northeast-southwest runway. The committee asked whether it would be feasible to locate the runway as much as two miles south of the

existing airport and build a rapid transit line to link the runway with the airport terminals.

Edmund Bizek, 24th District Supervisor, is chairman of the Transportation Committee.

The Public Works Committee, meeting the same day, approved an application by the City of Belleville for \$500,000 in Federal funds to finance construction of the pipelines needed to separate storm water and sewage in the city's presently-combined sewerage system.

The committee also began a study of a petition from the Outer-Van Dyke Home Owners, Inc., complaining about construction of a parking bay at 3855 East Outer Drive, a county road, on Detroit's east side.

Supervisor Frank B. Swapka, of the 20th District, is Public Works chairman.

Possible changes in the administrative structure of the federally financed \$3.5-million PRESCAD program of comprehensive health services for children of poor families were considered Wednesday at a joint meeting of the Supervisors Committee on Economic Opportunity and a subcommittee of the Committee on Health, Education and Welfare.

A MEETING with officials of the Michigan Department of Public Health and the citizens groups which proposed the various changes was scheduled in the City County Building Auditorium.

Supervisor John S. Cook, Jr., of the 17th District, is

Economic Opportunity chairman. Robert L. Tripp, 22nd District Supervisor, heads the subcommittee which is studying the PRESCAD proposals.

Designation of Wayne County as a soil conservation district, a move that would open the door to millions of dollars in federal and state funds for soil conservation projects, was endorsed by the Supervisors Committee on Health, Education and Welfare.

Supervisor N. Frank Cylkowski, of the 16th District, is chairman of Health, Education and Welfare.

All persons who own, operate or control three or more acres of land will be eligible to vote in a special state-financed referendum on the proposal to establish the soil conservation district. The referendum will be held in early April.

VAN BUREN PUBLIC SCHOOLS

VAN BUREN PUBLIC SCHOOLS
Minutes of the Board of Education
SPECIAL MEETING
February 27, 1969

A Special Meeting of the Van Buren Public Schools' Board of Education was held in the All-Purpose Room of the Haggerty Road Elementary School, February 27, 1969 at 7:30 p.m.

Members present were Muse, Hopka, Bole, Schweigert, Williams and Hay. Also present were Superintendent Kaulitz and Business Manager Egan.

The meeting was called to order at 7:30 p.m. by President Bole.

Bids for new School Bus Bodies and Chassis that were on hand were presented to the Board by Business Manager Egan.

Motion by Hopka, and supported by Schweigert, that the low bid of McFadden Corp., \$31,600.00 for 8 new bus bodies as specified, be accepted. Also that the low bid of Gene Butman Ford, Inc., \$27,499.68 for 8 new bus chassis as specified, be accepted. Motion carried.

Motion by Williams, and supported by Muse, that Sumpter Elementary School be included in development of the outside painting schedule. Motion carried.

Motion by Hopka, and supported by Williams, that arrangements be made to make available to our local parents educational information in detecting the use of narcotics and other information regarding the same. Motion carried.

Motion by Muse, and supported by Hay, that this meeting be adjourned. Motion carried.

Robert A. Hay,
Secretary

VAN BUREN PUBLIC SCHOOLS
Minutes of the Board of Education
REGULAR MEETING
February 10, 1969

The Regular Meeting of the Van Buren Public Schools' Board of Education was held in the Belleville High School Library on February 10, 1969 at 8:00 p.m.

Members present were Roe, Hopka, Schweigert, Williams, Muse, Bole and Hay. Also present were Superintendent Kaulitz, Business Manager Egan, and Jahr-Anderson Representatives Thurston Jahr and Kenneth Eilers.

The meeting was called to order at 8:05 p.m. by President Bole. This being the date for bidding of the Special Equipment for the new Junior High School, President Bole inquired if all wishing to bid had turned in their bids and announced the bidding time closed.

The following bids were read aloud.

Motion by Hopka, and supported by Schweigert, that all these bids be referred the Architect for investigation and recommendation. Motion carried.

The minutes of the regular meeting of January 13, 1969 and special intervening meetings of January 20, 1969, January 27, 1969 and January 30, 1969 were read and approved.

The bills for the month of January were reviewed. Motion by Muse, and supported by Hopka, that the bills for the month of January, as presented, be paid. Motion carried.

Motion by Hay, and supported by Roe, that Change Order No. MC-1 for the new administration building, an addition to

"MARRIN SAM"—Harole Sole, shop teacher, assumed the role of "Marrin Sam". He was assisted in his marrying duties by Miss Jeane Bader, who played the role of "Aunt Bee". The school's paper TNT sponsored the dance.

...
the amount of the contract of \$214.17, be approved. Motion carried.

Superintendent Kaulitz and Robert Hay were appointed, by President Bole, to attend the Annual Budget Presentation Meeting of the Wayne County Intermediate School District.

The request of the committee on Assessing the Progress of Education, to gather data by testing pupils in Belleville High School was referred to Superintendent Kaulitz and Principal Ford. They are to investigate and use their judgment regarding this request.

Motion by Hopka, and supported by Roe, that the request of Mr. & Mrs. Austin P. English, who have recently moved to Ypsilanti, to allow their son Donald to remain in Belleville High School on a tuition basis for the balance of the school year be approved. Motion carried.

Motion by Muse, and supported by Hay, that the dismissal of Bus Driver Mrs. Stanke by the Board of Education on January 30, 1969 be rescinded. Motion carried.

At the completion of the agenda, President Bole announced that the meeting was open for discussion or comments from the audience.

Motion by Muse, and supported by Williams, that this meeting be adjourned. Motion carried.

Robert A. Hay,
Secretary

HEAR REPORTS

Hayti PTA Elects New Officer Slate

ROMULUS--Hayti PTA elected officers for the coming year at their regular meeting held March 17.

A group of approximately 50 members gathered for the election and to view the film strip jointly owned by all Romulus PTA units, "Sex Education USA."

Mrs. Lucille Combs, school nurse, was present and answered questions concerning proposed sex education curricula and the Health curriculum now being presented at the High School.

Principal Val Connally was present and there were five teachers attending. Proposed convention resolutions were read.

The resolutions are concerning: Accountability, Negotiations, Tenure Repeal, Drug Education, Aid to Non-Public Schools, Reorganization of School Districts and Disposable Bottles.

THOSE ELECTED to hold office were: President, Mrs. Nan Meyer; Vice-President, Mrs. Sandy Petrusaitis; Secretary, Mrs. Carole Rarick; Treasurer, Mrs. Joanne Farrell; Teacher Vice-President, Don McCrary.

Secretary Henriette Ellis reported Mrs. Florence Klein's request for a clothing

HOUSE FOR SALE

Sealed proposals will be received by the Undersigned at 1750 Guardian Building, Detroit, Michigan, 48226, until 2:00 P.M., E.S.T., on Tuesday, April 8, 1969, for the sale and removal from the premises of a house located at 33148 South Huron Road, New Boston, Michigan.

A Certified or Cashier's Check in the amount of ten percent (10%) of the bid price must accompany the proposal. The successful bidder will be required to remit the balance of the Bid Price within seven (7) days of being notified of the award. The successful bidder must also deposit Fifty Dollars (\$50.00) to assure cleanup of the site after removal of the building.

Envelope containing proposal should be plainly marked as follows.

"Building Proposal"

The Authority reserves the right to reject any or all proposals, to waive irregularities and/or formalities in any proposal and to make the award in any manner deemed for the best interests of the Authority.

Proposal forms may be obtained at the offices of the Authority, 1750 Guardian Building, Detroit, Michigan 48226, or at the Lower Huron Metropolitan Park Office at 17845 Savage Road, Belleville, Michigan.

HURON-CLINTON METROPOLITAN AUTHORITY
P.K. McWethy
Secretary

what's a funny place for a phone?

That depends a lot on your sense of humor. If making tracks across a clean carpet to get to a telephone leaves your wife a little less than happy, then perhaps there's nothing so funny about an extension telephone in the garage or workshop.

Extension telephones make sense. They save time by letting you use a telephone wherever you are.

Call your Michigan Bell Business Office or ask your telephone man. For as little as ninety-five cents a month (plus tax) you can put an extension in any funny old place you'd like.

Opera Tickets On Sale

DETROIT-Mail orders for the 1969 Metropolitan Opera Detroit performances are now being accepted, according to Mrs. Ernest A. Jones, general chairman of the 1969 opera season. Seats are available in several price categories for all operas and may be ordered from the Detroit Grand Opera Association, 20 East Jefferson Avenue, Detroit.

The Metropolitan will make its 11th annual visit to the Masonic Temple Auditorium and offer evening performances from May 26 through May 31 and a Saturday matinee on the latter date. The visit is sponsored by the Detroit Grand Opera Association.

On Monday evening, the opera will be Verdi's "Rigoletto", with Roberta Peters as Gilda, Gianni Raimondi as the Duke, Cornell MacNeil as Rigoletto, and Batyah Godfrey as Maddalena. Fausto Cleva will conduct.

Tuesday, Renata Tebaldi will sing the title role in Cilea's "Adriana Lecouvreur", with Franco Corelli as Maurizio, Nell Rankin as the Princess of Bouillon, and Anselmo Colzani as Micahonnet. Cleva will again conduct.

Strauss' "Der Rosenkavalier" will be presented on Wednesday, with Regine Crespin as the Princess of Werderberg, Otto Edelmann as Baron Ochs, Rosalind Elias as Octavian, and Judith Raskin as Sophie. Franz Allers will make his Detroit Metropolitan debut on the podium. This is one of two new productions.

The other new production is the Thursday performance of Verdi's "Il Trovatore", featuring Gabriella Tucci as Leonora, James McCracken as Manrico, Sherrill Milnes as Count di Luna, and Irene Dalis as Azucena. Carlo Franci will make his Detroit Metropolitan Opera debut as conductor.

Barry Morell will sing the title role in Gounod's "Faust" Friday evening, with Anna Moffo as Marguerite, Bonaldo Giaiotti as Mephistopheles, Ron Botcher as Valentin, and Marcia Baldwin as Siebel. Alain Lombard will conduct.

WOULD A PROFESSIONAL GARDENER USE
A&P PREMIUM LAWN PRODUCTS?

You bet . . . and many do, because they have learned that A&P Premium Lawn Products are equal to the best. And yet, they cost much less.
LAWN BUILDER
A long feeding, slow release fertilizer, dust-free and light-weight. Rich in the nutrients grass needs: nitrogen (23), phosphoric acid (7), potash (7).
WEED & FEED
A double-duty product: gets rid of unsightly broad-leaved weeds and feeds your lawn, all in one application.
CRABGRASS CONTROL & LAWN BUILDER
Another boon to the home gardener, this fine product stops crabgrass before it starts and it feeds the lawn too.
LAWN SEED
An all perennial seed. A fine-textured mixture containing 25% Merion Bluegrass. It produces a truly beautiful lawn.
Because all these products bear the A&P Seal, they are unconditionally guaranteed or your money back.

To the Supervisor and Clerk of the Township of Romulus, Wayne County, Michigan.
Sirs:

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on March 13, 1969, decide and determine that the certain streets described in the minutes of said Board should be County roads under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said streets are hereby made a part of this notice, and are as follows:

Minutes of the regular meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at the Board's offices, 7th Floor, City-County Building, Detroit, Michigan, at 9:00 A.M., Eastern Standard Time, Thursday, March 13, 1969.
Present: Chairman Kreger and Commissioner Neudeck.
J. Commissioner Neudeck moved the adoption of the following resolution:
BE IT RESOLVED by the Board of County Road Commissioners of the County of Wayne, Michigan that it hereby accepts the dedication to the use of the public of the following described roads and they are hereby taken over as county roads and made a part of the county road system of the County of Wayne:
All of Cherry, Dorset, Elward, Forestdale, Greenview, Groveland, Halecreek, Harriet, Harrison, Isabelle, Orchard, Springhill and Zellmer Avenues, also all of Meadow and Oakdale Courts as dedicated to the use of the public in Greenview Subdivision of part of of the N. 1/2 of Section 36, T. 3 A., R. 9

Present: Chairman Kreger and Commissioner Neudeck.

Peace Corps Volunteers Return Air Experiences

ROMULUS—Peace Corps Volunteers Mr. and Mrs. Alan H. (Pat) Robinson recently returned to the U.S. after completion of two years of service in Nigeria, West Africa.

Pat is the daughter of Mr. and Mrs. Stanley A. Kochanoski of 16205 Hannan Road.

The couple had departed for Nigeria in early January, 1967 after a three month training program which was held in the Boston area.

They were first assigned to positions with the Zoology department of the University of Ife then located in Ibadan, the capital of the Western Region of Nigeria. They were responsible for conducting the zoology course for the first year students and Alan also served as project advisor for several upper division students.

After completion of one term with the university, the Robinsons were transferred to the Federal Fisheries Service and were assigned to the Lake Chad Research Station.

THE STATION is located directly on the lake shore about 10 miles south of the border with neighboring Niger Republic and about 150 miles from Maiduguri the nearest large town.

Maiduguri was the nearest post office, petrol supply, and store and transportation could only be accomplished by Land Rover or other 4-wheel drive vehicles.

Lake Chad is the third largest lake in Africa and is yet virtually unknown biologically.

As part of a large scheme to investigate the biology of the lake and to estimate the fisheries potential, the Robinsons were in charge of establishing and carrying out a plankton survey of the entire northern basin of the lake—an area of more than 2,000 square miles. Plankton are the microscopic plants and animals which live free in the open water.

The survey which they carried out involved identification and

classification of the planktonic organisms and studies of the densities and distribution patterns of the plankton throughout the lake as well as seasonal changes.

COLLECTION OF samples for the study involved regular cruises of several days duration to different areas of the lake aboard the station's research boat. The samples were preserved and brought back to the labs for detailed examination and counting.

The project completed before the couple left the station in early December, 1968 but final work is still in progress to prepare the information for publication in a scientific journal.

On their journey home Pat and Alan returned via East Africa where they visited some of the game parks and major geographical features of the countryside. They then traveled through Ethiopia and visited Cairo, Istanbul and several major cities in southern Europe.

After their return to the United States, the couple

TELL OF EXPERIENCE—Peace Corps Volunteers, Mr. and Mrs. Alan H. Robinson pictured above recently returned home from two-year service in Nigeria, West Africa. Although they have no immediate plans, Alan will be returning to work in freshwater or marine biology and Mrs. Robinson expects to return to secondary teaching.

came to Romulus for a visit with parents, relatives and friends. They then motored to Ridgecrest, California where Alan's parents Mr. and Mrs. Kenneth H. Robinson reside.

Although they have no immediate plans Alan will be returning to work in freshwater or marine biology and Pat expects to return to secondary teaching.

District Holds 4-H Spring Achievement

ROMULUS—The Southwest District Spring Achievement held at the Huron Junior High School in New Boston, found members and leaders very busy.

General Chairman for the evening program was Edward Kentala, who is president of the District and Edsel Beaty was chairman of the Fun Festival and Mrs. Sarah Beaty was a committee member of the Dress Review.

Serving on the Honor Roll were Roland Baratte, Edsel Beaty and Christian Fischer. Carrying the 4-H Flag for the

evening program was Brian Lauzon.

Guy Klein gave the 4-H response (Guy was a member of the Thunderbird 4-H last year and now is a member of the newly formed Club, The Mavericks). Shalimar Beaty was one of the Dress Review narrators. For the Dress Review competition to be held at the Ford Auditorium Denise Pawlowski, Rita Crews and Shalimar were chosen along with other district winners.

TIM KATONA on drums, John Shine on saxophone and

Shalimar Beaty on clarinet and maraca. Their selections were "Swinging Safari," "Windy," "Cherry Pink and Apple Blossom White," and "Wipe Out" for the Fun Festival.

They placed third, but received Blue Ribbons as they were the only large group in competition for the Fun Festival.

Mrs. Sarah Beaty received her Third Year leader pin.

Silver Leader pins and Five Year Silver Certificates were presented to Mr. and Mrs.

Edward Kentala, Edsel Beaty and Roland Baratte.

One-Year Leader Pins were given to Christian Fischer to be presented at a Club meeting, receiving their pin was John Katona, Gerry Pawlowski and Roy Traskos. Not present at the meeting to receive her pin was Miss Jan Fischer.

IN CLOTHING, Shalimar, Rita and Denise along with Pam Katona received Blue Ribbons and were placed on the Honor Roll.

In Electric, John Shine received Blue Ribbon and

named to the Honor Roll.

In Foods, Keith Kentala and Denise received Blue Ribbons and were named to the Honor Roll.

In Woodworking, Gregg and Jeff Traskos received Blue Ribbons and placed on the Honor Roll.

Brian Beaty received Red Ribbons in Ceramics, Denise and David Pawlowski received Blue Ribbons and placed on the Honor Roll and in Leathercraft, Brian Lauzon received a Red Ribbon.

Presented with County Gold Medals were Shalimar for Achievement, Clothing, and a Special Council Award in Clothing, Leadership, Dress Review pin and the "I Dare You" Award. Keith Kentala for Horse, Veterinary Science, and Swine, and Brian Beaty for Sheep.

GERRY DOEDE presented Citizenship pins to Keith and Rita.

These are new awards sponsored by the Thunderbird 4-H, and this was the first presentation in Wayne County. Brian Wilson of the Eager Beavers was also awarded this pin.

Third Year Junior Leadership pins were presented to Shalimar, Keith and Gerry.

Michigan Key Club Award winners were Shalimar, Keith and Gerry, this Award marks outstanding contributions to 4-H through development of leadership, citizenship and community service.

Guy Klein is to receive Certificates in the Horse Project as soon as they are made available from the 4-H Extension Office. Guy was outstanding in the Horse Project at the 4-H Fair and received a trophy and two plaques. Guy was also chosen as the Outstanding Senior Boy for the Southwest District with John Shine as Runner-up. Outstanding Junior Boy was Brian Beaty with Runner-up, Tim Katona.

THE APRIL MEETING of the Thunderbird 4-H will be held at the residence of Mr. and Mrs. Edward Kentala on Huron River Drive, New Boston. At present the Club is very busy as Keith, Shalimar and Guy Klein are members of the Wayne County 4-H Horse Judging Team.

Competition will be at MSU in East Lansing, March 29, with other out-country teams. Members, leaders and parents are planning on going and adding their moral support and in the afternoon will attend the Annual Block and Bridle Horse Show held in the Livestock pavilion.

Club members are also very busy with their upcoming Spring Horse Show, May 25. Marvin Switzer will be the Judge for the days events. Club leaders are busy with plans for the May 31, Wayne County 4-H Horse Leaders Association, Inc., Horse Show. Bob Morgan will be judging. Both of these Horse Shows will have open classes.

CITY OF BELLEVILLE COUNCIL PROCEEDINGS

A Regular meeting of the City Council for the City of Belleville was called to order by Mayor Smith, with Councilmen Walters, Palmer, Boone and Amerman present.

Motion by Boone, seconded by Palmer, that the minutes of the regular meeting held March 3, 1969 be approved.

Carried: Unanimously.

Motion by Amerman, seconded by Walters, that the bills presented for payment, be paid.

Carried: Unanimously.

Motion by Palmer, seconded by Boone, that the Treasurer's Report for the month of February 1969 be accepted.

Carried: Unanimously.

Motion by Boone, seconded by Amerman, that the Building Inspector's Change of Fee's for Building Permits, be tabled for further study and recommendations.

Carried: Unanimously.

Mr. & Mrs. Burl Akans, and Mr. & Mrs. Daniel Besson attended the Council Meeting and presented their complaints of the following: Belleville Bakery burning papers, Heininger's Chevrolet Inc., parking cars in the City Right-of-way on Potter Drive, and piles of junk. The house at 40 Potter Drive to be cleaned up, and numerous other complaints of debris in the neighborhood.

With reference to the resolution adopted by the Council last evening with reference to the contract with the Board of County Road Commissioners for the issuance of bonds under Act 342 for the installation of the sewers to replace the lift station.

Upon motion by Councilman Amerman, and supported by Councilman Palmer, the following resolution was offered:

RESOLVED that this Council determine that it is necessary for the public health to acquire and install sanitary sewers in the Huron Park Subdivision in accordance with preliminary plans and estimate of cost prepared by Brender and Brender, Inc.

BE IT FURTHER RESOLVED, that this Council determines that it is in the best interests of the City to acquire said sanitary sewer facilities and to finance the cost thereof in accordance with applicable provisions of Act 342 of the Public Acts of Michigan 1939, as amended.

BE IT FURTHER RESOLVED, that this Council does hereby approve the contract for acquisition, construction and financing of said sanitary sewer facilities with the Board of County Road Commissioners as presented.

BE IT FURTHER RESOLVED, that a copy of the resolution and the contract be printed in full in the Enterprise Roman within 10 days from the adoption of this resolution.

RESOLUTION

Minutes of a Regular Meeting of the City Council of the City of Belleville, County of Wayne, Michigan, held in the City Hall in said City on Monday, the 17th day of March, 1969, at 7:30 o'clock p.m., Eastern Standard Time.

PRESENT: Councilmen Walters, Palmer, Boone, Amerman, Smith.

ABSENT: Councilmen None.

The following preamble and resolution were offered by Councilman Amerman and supported by Councilman Palmer:

WHEREAS, there exists an imperative need to acquire in the City of Belleville as a part of the Wayne County Metropolitan Sewerage and Sewage Disposal System certain sanitary sewer facilities as hereinafter in the contract more particularly set forth; and

WHEREAS, preliminary plans and estimate of cost of said improvements have been prepared by Brender and Brender, Inc., consulting engineers of Wayne, Michigan, which said preliminary plans and estimate of cost have been reviewed by the City Council; and

WHEREAS, the City Council has determined that it is necessary for the public health to acquire said sanitary sewers in accordance with said preliminary plans and estimate of cost; and

WHEREAS, Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended, authorizes the execution of contracts between municipal units and the proper county agency providing for the acquisition, construction and financing of sanitary sewer facilities; and

WHEREAS, the County of Wayne, acting by and through its Board of Supervisors, and in accordance with Act 342, Public Acts of Michigan, 1939, as amended, by resolution adopted by majority vote of its Board of Supervisors on October 9, 1939, and by Ordinance No. 200 duly adopted on September 20, 1952, authorized and directed that there be established a system of sewage disposal improvements and services to be known as the Wayne County Metropolitan Sewerage and Sewage Disposal System, and did designate the Board of County Road Commissioners of the County of Wayne, as the agency for the County, to acquire, operate, maintain and improve the System with all the powers and duties conferred upon such agency by statute; and

WHEREAS, the City Council determines it to be in the best interest of the City to acquire said sanitary sewer facilities and to finance the cost thereof in accordance with the provisions of Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended; and

WHEREAS, a contract between the City of Belleville and the Board of County Road Commissioners of the County of Wayne, providing for the acquisition, construction and financing of said sanitary sewer facilities, and such matters as are deemed necessary thereto, has been prepared;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The City Council of the City of Belleville hereby determines that it is necessary for the public health and safety to acquire the sanitary sewer facilities set forth in the contract herein included as a part of this resolution.

2. The City Council deems it to be in the best interest of the City to finance the cost of such improvements in accordance with the provisions of Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended.

3. The City Council hereby approves the preliminary plans and estimate of cost of said improvements prepared by Brender and Brender, Inc., consulting engineers of Wayne, Michigan.

4. The City Council does hereby approve the following contract for the acquisition, construction and financing of said sanitary sewer facilities:

CONTRACT

THIS CONTRACT, made and entered into this day of _____, A.D., 1969, by and between the **BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE**, Michigan, a public body corporate, acting for and on behalf of the County of Wayne, Michigan, party of the first part, hereinafter referred to as the "BOARD," and the **CITY OF BELLEVILLE**, a municipal corporation in the County of Wayne, State of Michigan, hereinafter referred to as the "CITY,"

WITNESSETH:

WHEREAS, the County of Wayne, Michigan, acting by and through its Board of Supervisors and in pursuance of the authority conferred upon it by Act 342, Public Acts of Michigan, 1939, as amended (hereinafter referred to as "Act 342"), did by resolution duly adopted by a majority vote of its members-elect on October 9, 1939, and by Ordinance No. 200 duly adopted on September 20, 1952, authorize and direct that there be established a system of sewage disposal improvements and services, to be known as the Wayne County Metropolitan Sewerage and Sewage Disposal System (hereinafter referred to as the "County System"), and did designate the BOARD as the agency for the County to operate and maintain such System with all the powers and duties conferred upon such agency by statute; and

WHEREAS, said Ordinance No.200 specifically provides, in part, as follows, to wit:

"Section 10. To provide for necessary improvements, additions and extensions to the System, and the financing thereof, the Board is authorized to prepare plans, details and specifications therefor, to prepare and submit necessary ordinances, resolutions or other documents necessary to the issuance of any of the type of bonds or notes authorized by the provisions of Act 342, Public Acts of 1939, as amended, and to that end is authorized to make and execute contracts, agreements or other documents relating thereto as authorized by the provisions of said Act: Provided, However, that before any bonds or notes are issued or sold, the proceedings authorizing the issuance or sale shall be formally approved by resolution or ordinance of the Board of Supervisors of Wayne County in manner provided by said Act."

WHEREAS, it is immediately necessary for the public health that a new sanitary sewer and appurtenances be constructed to service the portion of the CITY within the Huron Park Subdivisions, said sanitary sewer and appurtenances being necessary to eliminate an existing sewer and lift stations within said portion of the CITY. Said project will consist generally of approximately 2,740 lineal feet of 15" sanitary sewer, approximately 2,250 lineal feet of 4" house lead replacements, manholes, wyes, and other work incidental to said project and the abandonment of the lift stations. A blueprint plan showing said improvements is on file in the offices of the BOARD; and generally of approximately 2,250 lineal feet of 4" house lead replacements, manholes, wyes, and other work incidental to said project and the abandonment of the lift stations. A blueprint plan showing said sewer improvements is on file in the offices of the BOARD; and

WHEREAS, the BOARD has caused preliminary plans and estimate of cost of said proposed sewer improvements to be prepared by Brender and Brender, Inc., consulting engineers of Wayne, Michigan (hereinafter in this contract called "consulting engineers"), which said estimate of cost is in the sum of Two Hundred Thousand (\$200,000.00) Dollars (which said estimate of cost is hereinafter referred to in this contract as "estimated cost"); and

WHEREAS, said sewer improvements constitute and will be additions to the County System, and it is the determination and judgment of the BOARD and the CITY that said new sanitary sewer improvements should be financed and constructed pursuant to the authorization provided in Act 342 and Ordinance No. 200, hereinbefore referred to, all of said new sewer improvements being vitally necessary to preserve and protect the public health; and **WHEREAS**, the execution of this contract has been authorized by resolution of the City Council of the City adopted on March 17, 1969, which said resolution has been published in a newspaper of general circulation in the CITY, and more than thirty (30) days have elapsed since such publication and no petition for referendum concerning said resolution or this contract has been filed with the City Clerk of said CITY;

NOW, THEREFORE, in consideration of the premises and the covenants of each other, the parties hereto agree as follows:

1. The BOARD and the CITY hereby approve and confirm the sewer improvements to be acquired and constructed as set forth in the preamble to this contract, and agree that the same shall be acquired and constructed in the manner provided by and pursuant to this contract. The BOARD and the CITY further hereby approve and confirm the preliminary plans for said sewer improvements, prepared by the consulting engineers, and the estimated cost as set forth in the preamble hereto. The acquisition and construction of the sewer improvements herein approved are hereinafter in this contract referred to as **PROJECT TO BE FINANCED**.

2. The **PROJECT TO BE FINANCED** and the estimated cost thereof in the sum of Two Hundred Thousand (\$200,000.00) Dollars, as set forth in the preamble to this contract, include all surveys, plans, specifications, acquisition of property for rights-of-way, including consequential and abutting damages, if any, and interest on awards, physical construction necessary to acquire and construct the sewer improvements approved and confirmed in Section 1 of this contract, the acquisition of all materials necessary to acquire and construct said sewer improvements, and engineering supervision, administrative, legal and financing expenses necessary in connection with the acquisition and construction of said sewer improvements and the financing thereof.

3. The BOARD will acquire and construct the sewer improvements approved and confirmed in Section 1 of this contract and for that purpose will take bids for the acquisition and construction of the improvements prior to the time that any bonds are issued for the purpose of financing the cost of said improvements. The BOARD shall in no event enter into any final contract or contracts for the construction and acquisition of said improvements where such contract price or prices will be such as to cause the actual total cost of the **PROJECT TO BE FINANCED** to exceed the estimated cost, as set forth in the preamble to this contract, unless the CITY, by resolution of its City Council, approves said increased total cost and agrees to pay the excess over the estimated cost, either in cash, or by specifically authorizing the maximum principal amount of bonds to be issued as provided in Sections 6 and 7 of this contract, to be increased to an amount which will provide sufficient funds to meet said increased total cost, and a similar increase in the installment obligations of the City pledged under the terms of this contract to the payment of such bonds. The sewer improvements shall be acquired and constructed by the BOARD in accordance with the plans and specifications therefor based on preliminary plans approved by this contract: Provided, However, that minor variations from said plans and specifications may be made without the approval of the CITY if such variations shall not materially affect said plans and specifications. All matters relating to engineering plans and specifications, together with the making and letting of final construction contracts as well as inspection, construction supervision, and approval of work and materials, for the sewer improvements specified in Section 1 of this contract, shall be in the exclusive control of the BOARD. All acquisition of rights-of-way shall be done by the CITY.

4. The City consents to the use by the BOARD, acting for and on behalf of the County of Wayne, of the public streets, alleys, lands and rights-of-way in the CITY for the purpose of constructing, operating and maintaining said sewer improvements, and any enlargements or extensions thereto.

5. Upon completion of the sewer improvements specified in the preamble and approved in Section 1 of this contract, the CITY shall operate and maintain said improvements, for and on behalf of the BOARD, at its sole expense. The sanitary sewage collected by said sewers will be transported through the interceptors of the County of Wayne that are a part of the Downriver Sewage Disposal System, and disposed of and treated through the treatment facilities of the Wyandotte Sewage Treatment Plant of the County of Wayne. The CITY is obliged by contract to pay the sewage disposal rate established for said service from time to time by the Board of Public Works of the County of Wayne. By reason thereof no charge for such service shall be established by the BOARD, and the sole obligation of the CITY in such respect is to pay the sewage disposal rate as established from time to time by the Board of Public Works or its successor.

6. To carry out and accomplish the **PROJECT TO BE FINANCED**, in accordance with the provisions of Act 342, Public Acts of Michigan, 1939, as amended, the BOARD shall take the following steps:

(a) The BOARD shall immediately take all steps necessary to take bids for and enter into and execute final construction contracts for the acquisition and construction of the sewer improvements specified in the preamble and approved in Section 1 of this contract in accordance with the plans and specifications therefor based on the preliminary plans as approved by this contract. Said final construction contracts shall specify a completion date of the sewer improvements.

(b) The BOARD will require and procure from the

contractor or contractors undertaking the actual construction and acquisition of the sewer improvements, necessary and proper bonds to guarantee the performance of the contract or contracts, and such labor and material bonds as may be required by law, in such amount and such forms as may be approved by the BOARD.

(c) The BOARD will submit to the Board of Supervisors of the County of Wayne, an ordinance or resolution, providing for the issuance of bonds in the aggregate principal amount of \$200,000.00, said bonds to mature serially, as authorized by law, and to be issued in anticipation of the installment payments to be made by the CITY as hereinafter provided in this contract, and to be secured primarily by the contractual obligation of the CITY to pay the installments due, plus interest, as hereinafter provided in this contract, and secondarily, if approved by a majority of the members-elect of the Board of Supervisors, by the full faith and credit of the County of Wayne. After due adoption of the bond ordinance or resolution, the BOARD will take all necessary legal procedures and steps necessary to effectuate the sale and delivery of said bonds.

(d) The BOARD, upon receipt of the proceeds of sale of the bonds, will comply with all provisions and requirements provided for in the ordinance or resolution authorizing issuance of the bonds and this contract relative to the disposition and use of the proceeds of sale of the bonds.

7. The cost of the sewer improvements, referred to in the preamble to this contract, shall be charged to and paid by the CITY to the BOARD in the manner and at the times herein set forth. The said cost thereof (presently estimated at Two Hundred Thousand (\$200,000.00) Dollars) shall be paid to the BOARD, as the agency of the County, in nineteen (19) annual principal installments, plus interest and other expenses as hereinafter provided. The principal installments shall be as specified in Exhibit A (or any revision thereof made pursuant to paragraphs 8 or 9 of this contract) attached to this contract and made a part hereof by reference.

It is understood and agreed that the bonds of the County hereinbefore referred to will be issued, in anticipation of the payment of the annual installments herein provided, and as set forth in Exhibit A, with principal maturities on November 1st of each year, commencing with the year 1970, equal to the principal amount of the annual installments due on the preceding October 1st of such year, and bearing interest at the rate or rates determined on public sale thereof, payable on November 1st and May 1st of each year.

It is further understood and agreed that the CITY shall also pay to the BOARD, as the agency of the County, in addition to the principal installments as specified in Exhibit A, on October 1st and April 1st of each year, commencing October 1, 1969, as accrued interest on the principal installments remaining unpaid, an amount sufficient to pay all interest due on the next succeeding interest payment date (November 1st and May 1st, respectively), on said County bonds from time to time outstanding. From time to time as the BOARD is billed by the paying agent or agents for the County bonds to be issued for their services as paying agent, or registering bonds, and as other costs and expenses accrue to the BOARD from handling of the payments made by the CITY, the BOARD shall notify the CITY of the amount of such paying agency fees and other costs and expenses, and the CITY shall, within thirty (30) days from such notification, remit to the BOARD sufficient funds to meet such paying agency fees and other costs and expenses.

The BOARD shall, within thirty (30) days after the delivery of the County bonds hereinbefore referred to, furnish the CITY with a complete schedule of said installments, and the interest thereon due on the dates above set forth, and shall also, at least thirty (30) days prior to the due date of any such installment of principal and interest, or interest, advise the CITY, in writing, of the exact amount due on said date. The failure to give such notice shall not, however, excuse the CITY from making its required payments when due under the provisions hereof.

If any installment payment as herein provided is not paid when due, the amount so not paid shall be subject to a penalty, in addition to interest, of one-half of one per cent (1/2 of 1%) thereof for each month or fraction thereof that the same remains unpaid after the due date. 8. If the proceeds of the sale of the original County bonds authorized by this contract are for any reason insufficient to complete the acquisition and construction of the **PROJECT TO BE FINANCED** in accordance with the plans and specifications therefor, the BOARD shall, if necessary, submit to the Board of Supervisors of Wayne County a resolution provided for the issuance and sale of additional County bonds in an amount necessary to provide sufficient funds to complete the **PROJECT TO BE FINANCED**, in which event the duties and obligations of the BOARD and the CITY as expressed and set forth in this contract shall be applicable to such additional issue of bonds as well as the original issue, it being at all times fully recognized and agreed that the payments to be made by the CITY in the manner specified in paragraph 7 of this contract shall be based upon the cost of the **PROJECT TO BE FINANCED**. Any such additional bonds shall mature serially on November 1st, and the payment installment maturing on the October 1st preceding said November 1st, as shown by Exhibit A, shall be increased by the principal amount of such additional bonds maturing on said November 1st. All the provisions of paragraph 7 of this contract shall be applicable to said increased amounts. Immediately upon the issuance of such additional bonds, the BOARD shall furnish and supply the CITY a document entitled "Revised Exhibit A" specifying the new schedule of installments, increased as herein authorized, which shall be substituted and take the place of the present Exhibit A and the installments therein specified.

9. In the event, by reason of favorable construction bids received, Federal or State grants, or for any other reason, it is not necessary to issue the County bonds in the full amount of \$200,000.00 based upon the present estimated cost, but such bonds are authorized and issued in such lesser principal amount as may be necessary to pay the cost of the **PROJECT TO BE FINANCED**, the installment payments of the CITY, as provided in paragraph 7 and Exhibit A of this contract, shall be reduced proportionately so that the installment payment due on October 1st of each year shall correspond to the principal amount of bonds maturing on the next succeeding November 1st. All the provisions of paragraph 7 of this contract shall be applicable to said reduced installments, the same as though such installments were originally in said reduced amounts. In such event the BOARD shall furnish and supply the CITY a new "Exhibit A" specifying the new schedule of installments, reduced as herein authorized, which shall be substituted and take the place of the present Exhibit A and the installments therein specified.

It is fully understood and agreed by the BOARD and the CITY that the principal amount of the annual installments, as specified in Exhibit A and due on October 1st of each year, shall at all times correspond to the principal amount of the bonds due on the following November 1st.

10. The CITY, pursuant to the authorization of Section 5a of Act 342, Public Acts of Michigan, 1939, as amended, irrevocably pledges its full faith and credit for the prompt and timely payment of its obligations expressed in this contract and, except as hereafter provided, shall each year, commencing with the year 1969, levy an ad valorem tax on all the taxable property in the CITY in an amount which, taking into consideration estimated delinquencies in tax collections, will be sufficient to pay its obligations under this contract becoming due before the time of the following year's tax collections. Such annual levies, by virtue of the authorization of Section 6, Article IX, of the Michigan Constitution of 1963, shall be without limitation as to rate or amount, being for the purpose of providing funds to meet the contractual obligations of the CITY, in anticipation of which the County bonds, hereinbefore referred to, are issued. Nothing herein contained shall be construed to prevent the CITY from using any, or any combination of, the means and methods provided in Section 5a of said Act 342, Public Acts of Michigan, 1939, as now or hereafter amended, for the purpose of providing funds to meet

its obligations under this contract, and if, at the time of making the annual tax levy there shall be other funds on hand earmarked and set aside for the payment of the contractual obligations due prior to the next tax collection period, then no tax levy need be made for such year.

11. The CITY may pay in advance any of the payments required to be made by this contract, in which event the BOARD shall credit the CITY with such advance payment on future due payments to the extent of such advance payment.

12. The CITY may pay additional moneys over and above any of the payments specified in this contract with the written request that said additional funds be used to call bonds for redemption prior to maturity, in which event the BOARD shall be obligated to apply and use said moneys for such purpose. Such moneys shall not then be credited as advance payments under the provisions of Section 11 of this contract.

13. In the event the CITY shall fail for any reason to pay to the BOARD at the times specified, the amounts required to be paid by the provisions of this contract, the BOARD shall immediately notify, in writing, both the County Treasurer of the County of Wayne and the City Treasurer of such default and the amount thereof, and if such default is not corrected within ten (10) days after such notification, the County Treasurer or other official charged with disbursement to the CITY of funds derived from the State sales tax levy under the law, and payable to the CITY pursuant to Section 10, Article IX, of the Michigan Constitution of 1963, is by these presents specifically authorized by the CITY to withhold funds to the maximum amount necessary to cure said deficit, derived from such sales tax levy and returnable to the CITY, and to pay said sums so withheld to the BOARD to apply on the obligations of the CITY as herein set forth. Any such moneys so withheld and paid shall be considered to have been returned to the CITY within the meaning of the Michigan Constitution of 1963, the purpose of this provision being solely to voluntarily authorize the use of said funds owing to the CITY to meet past due obligations of the CITY due under the provisions of this contract. In addition to the foregoing, the BOARD shall have all other rights and remedies provided by law to enforce the obligation of the CITY to make its payments in the manner and at the times required by this contract.

14. It is specifically recognized by the CITY that the payments required to be made by it pursuant to the terms of Section 7 of this contract are to be pledged for and used to pay the principal of and interest on the bonds to be issued by the County, as provided by this contract and authorized by law, and the CITY covenants and agrees that it will make its required payments to the BOARD promptly and at the times herein specified, without regard to whether the **PROJECT TO BE FINANCED** is actually completed or placed in operation.

15. Nothing herein contained shall in any way be construed to prevent additional financing under the provisions of Act 342, Public Acts of Michigan, 1939, as amended, or any other law, for the purpose of constructing all or any portion of additional necessary sanitary sewer improvements.

16. After completion of the **PROJECT TO BE FINANCED** and payment of all costs thereof, any surplus remaining from the proceeds of sale of bonds shall be used by the BOARD for either of the following purposes at the option of, and upon request made by resolution of, the City Council of the CITY, to wit: (a) for additional sewer and sewage disposal facilities in the CITY, subject to approval of the BOARD, or (b) credited by the BOARD towards the next payments due the BOARD by the CITY hereunder.

17. All contracts for connection to the sewer improvements, whether such connections are made during construction or after the sewer improvements are placed in operation, shall be made by the CITY. The actual costs of such connections shall be paid by the CITY except to the extent that the costs of such connections are included in the cost of the **PROJECT TO BE FINANCED**.

18. The obligations and undertakings of each of the parties to this contract shall be conditioned on the successful issuance and sale of bonds pursuant to Act 342, Public Acts of Michigan, 1939, as amended, and, if for any reason whatsoever said bonds are not issued and sold within two years from the date of this contract, this contract, except for payment of preliminary expenses and ownership of engineering data, shall be considered void and of no force and effect. In the event that said bonds are not issued and sold, all preliminary legal and engineering costs shall be paid by the CITY, and the CITY shall have ownership, possession and use of all plans and specifications, surveys and other engineering data and materials prepared.

19. The sewer improvements acquired and constructed in accordance with the provisions of this contract shall be a part of the County System. The CITY shall at all times maintain the sewer improvements to be acquired and constructed hereunder at its own expense for and on behalf of the BOARD. If at any time during the term of this contract the CITY refuses or neglects to properly repair or maintain any of the facilities required to be maintained by it hereunder, the BOARD shall in writing order the CITY to perform all necessary items of repair and maintenance and, in case of non-compliance with such order within thirty (30) days, the BOARD may proceed with such work and the CITY agrees to reimburse the BOARD for any expenses incurred thereby.

20. The BOARD and the CITY each recognize that the holders from time to time of the bonds issued by the County under the provisions of Section 5c of Act 342, Public Acts of Michigan, 1939, as amended, to finance the cost of the **PROJECT TO BE FINANCED**, will have contractual rights in this contract and it is, therefore, covenanted and agreed by each of them that so long as any of said bonds shall remain outstanding and unpaid, the provisions of this contract shall not be subject to any alterations or revision which would in any manner materially affect either the security of the bonds or the prompt payment of principal or interest thereon. The CITY and the BOARD further covenant and agree that they will each comply with their respective duties and obligations under the terms of this contract promptly at the times and in the manner herein set forth, and will not suffer to be done any act which would in any way impair the said bonds, the security therefor, or the prompt payment of principal and interest thereon. It is hereby declared that the terms of this contract, insofar as they pertain to the security of any such bonds, shall be deemed to be for the benefit of the holders of said bonds.

21. This contract shall remain in full force and effect for a period of forty (40) years from the date hereof, or until such lesser time as the bonds issued by the County are paid in full. At such time within said forty-year term as all of said bonds are paid, this contract may be altered or changed by consent of the parties hereto or may be terminated by such consent. In any event the obligation of the CITY to make the payments required by Section 7 of this contract shall be terminated at such time as all of said bonds are paid in full.

22. The CITY shall defend, indemnify and save harmless the BOARD from and against any and all claims of any nature whatsoever, including damage to property of the BOARD or injury to or death of employees or agents of the BOARD, arising out of the construction, operation and/or maintenance of the **PROJECT TO BE FINANCED**.

23. This contract shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

IN WITNESS WHEREOF, the parties hereto have caused this contract to be executed this _____ day of _____, 1969.

BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, Michigan

In the presence of:

Chairman
Vice-Chairman
Commissioner
CITY OF BELLEVILLE
Mayor
City Clerk

(Continued on Page 27)

TOWNSHIP OF ROMULUS PROCEEDINGS

MINUTES OF THE REGULAR MEETING OF THE ROMULUS TOWNSHIP BOARD HELD ON MARCH 18, 1969, AT THE ROMULUS TOWNSHIP HALL.

The meeting was called to order at 8:02 P.M.

Attendance roll call showing: Present: Perry, Wallis, Stewart, Smith, Raspberry, Pennington. Absent: None. Excused: None.

Also in attendance: John Young, Township Attorney and Wade & Trim, Township Engineers.

Motion by Perry, supported by Smith, to place Charlie Harris on the agenda, also final zoning approval of 61-44-92 and 61-44-93. Motion carried unanimously.

Motion by Smith, supported by Stewart, to approve the minutes of March 3, 1969, as published. Motion carried unanimously.

Motion by Smith, supported by Stewart, to approve the minutes of March 3, 1969, as published. Motion carried unanimously.

Motion by Perry, supported by Pennington, to approve a food license for Charlie Harris at 34004 Beverly Road contingent upon his meeting all necessary requirements. Hours to be 7 A.M. to 9:00 P.M. weekdays, and 7:00 A.M. to 2:00 A.M. Friday and Saturday. Motion carried unanimously.

Motion by Smith, supported by Stewart, that the action taken by the Administration in accepting the low bids on Hale School improvements for the District Court location be approved. Motion carried unanimously.

Motion by Raspberry, supported by Pennington, to approve the retainer

agreement for 1969-1970 between the Township and Elsmann, Young & O'Rourke, Attorneys. Roll call vote showing: Ayes: Raspberry, Pennington, Wallis. Nays: Perry, Stewart, Smith. Motion failed.

SPECIAL PRIVILEGE

Mrs. Helen Gallien, secretary to the Township Treasurer, presented a request to the Board for the Township to pay \$47.00 for an accounting course that she would like to take at Cleary College, to be held on Monday, Wednesday and Friday from 8:00 a.m. to 9:00 a.m. Motion by Raspberry, supported by Smith, that the Township pay the cost of the course which is \$47.00. Roll call vote showing: Ayes: Pennington, Raspberry, Smith. Nays: Perry, Stewart. Motion carried.

Mr. Perry then requested that he be re-imposed for a clerical course at Syracuse University that he had signed up for last November, and has been accepted to attend in August of 1969.

Motion by Stewart, supported by Smith, that Mr. Perry be reimbursed \$150.00 for his expenses at Syracuse University. Amendment by Pennington, supported by Raspberry, that any Board member be paid for attending a school or college not to exceed \$150.00. Amendment to the motion by Raspberry, supported by Smith, was that Mr. Perry bring back a report. Second amendment carried unanimously.

Roll call vote on first amendment showing: Ayes: Pennington, Raspberry, Nays: Perry, Smith, Stewart. Amendment failed.

Roll call vote on main motion showing: Ayes: Wallis, Stewart, Smith. Nays: Pennington, Raspberry. Abstain: Perry. Main motion carried.

Motion by Pennington, supported by Smith, that any

Board member desiring to attend a university or accredited school to take a course to enable him to better perform his elected responsibilities to the Township be allowed to attend, and the Township will pay the tuition up to, but not exceeding \$150.00. Each case to be judged on its own merit and receive prior approval of the Township Board. Motion carried, Stewart voting nay.

JACOB GOLANY - INDUSTRIAL COORDINATOR'S REPORT

Motion by Raspberry, supported by Pennington, to go on record as approving Mr. Golany's preparations for a brochure on industry in Romulus Township. Motion carried unanimously.

Motion by Smith, supported by Perry, to take Mr. Golany's request for office space under advisement. Amendment by Pennington, supported by Raspberry, to let Mr. Golany use available space in the Urban Renewal Offices until we can budget money for office space.

Roll call vote on amendment showing: Ayes: Pennington, Raspberry, Wallis. Nays: Perry, Stewart, Smith. Motion failed.

Roll call vote on main motion showing: Ayes: Perry, Smith, Stewart. Abstain: Pennington, Raspberry. Chairman ruled motion carried.

Motion by Perry, supported by Smith, that Mr. Golany be granted permission to procure a credit card in his own name and produce his bills to the Township each month, to pay such expense vouchers in the usual manner. Expenses not to exceed \$100.00 per month or \$1200.00 per year, same procedure as prior years. Motion carried unanimously.

Motion by Raspberry, supported by Smith, that Mr. Perry be appointed as a liaison between the Township, the Industrial Coordinator and the Commercial and Industrial Advisory Committee. Motion carried unanimously.

Motion by Perry, supported by Stewart, to deny the last request by Mr. Golany that he qualify for future membership in the American Institute of Planners, and that his title not be changed to Industrial Coordinator and Planner. Ayes: Perry, Stewart, Smith. Nays: Pennington, Raspberry. Motion carried.

Motion by Stewart,

supported by Smith, to accept Mr. Golany's report. Motion carried unanimously. URBAN RENEWAL REPORT

Motion by Pennington, supported by Smith, to give tentative approval to the Urban Renewal Budget as approved at the L.P.A. meeting several weeks ago, subject to final approval by H.U.D. Motion carried unanimously.

Motion by Pennington, supported by Stewart, to grant approval to Leonard Folmar and Earl Jefferies to attend a seminar at Notre Dame. They are to bring back a report. Motion carried unanimously.

Motion by Stewart, supported by Smith, to approve the Urban Renewal Report. Motion carried unanimously.

COMMUNICATIONS

Motion by Perry, supported by Smith, to approve rezoning No. 61-44-92 contingent upon their obtaining proper sewer and water connections. Motion carried unanimously.

Motion by Raspberry, supported by Smith, to adopt rezoning No. 61-44-93 and amendment to the Township Zoning Map as recommended by the Planning Commission. Motion carried unanimously.

Motion by Pennington, supported by Stewart, that any Board member be permitted to attend Congressman Ford's Conference in Washington at Township expense as in previous years and also to include reimbursement of wages. Motion carried unanimously.

Motion by Pennington, supported by Perry, to send a letter to Representative Mahalak and Senator Faust urging them to vote "No" on House Bill No. 2306. House Bill No. 2306 would exempt air carriers and their properties under the same assessment procedures as other forms of transportation and utilities thus exempting them from personal and real property taxes. Motion carried unanimously.

Motion by Stewart, supported by Perry, to approve vouchers No. A-4015 through No. A-4124 inclusive. Motion carried unanimously.

Motion by Stewart, supported by Perry, to adjourn. Motion carried unanimously.

The meeting was adjourned at 11:55 p.m.

Respectfully submitted, Alfred J. Perry, Clerk Township of Romulus I, ALFRED J. PERRY, Clerk of the Township of Romulus, do hereby certify that the foregoing is a true copy of the minutes of a regular meeting of the Romulus Township Board, held on March 18, 1969, in the Township Hall.

APPROVED: Joseph Wallis, Acting Chairman

AND OTHERS

Bill Ford Seeks Reduced Air Fares for Senior Citizens

WASHINGTON, D.C.—Congressman William D. Ford (D) 15th District, has introduced legislation to authorize reduced air fares for senior citizens, young people between 12 and 22, and military personnel in uniform.

Congressman Ford said that the legislation had become necessary because of a suit now pending before the Civil Aeronautics Board which would require airlines to terminate present policies of granting reduced "stand-by" fares for young people aged 12 through 22.

A CAB examiner has already ruled that special youth fares are discriminatory, and an appeal hearing is scheduled, Congressman Ford said. "My bill would remove any doubt created by this litigation, and make it clear that airlines may grant reduced rates to special groups."

The three groups covered in his bill, Ford said, have certain common characteristics which would make such reduced fares appropriate.

"Senior citizens, young people and military personnel all have lower than average earning capacity, they are likely to be at rather extended distances from their families, and they must travel at their own expense. Unlike businessmen, they cannot deduct these travel expenses at income tax time."

"In addition, they would be traveling on a stand-by basis, and therefore would not interrupt normal air

traffic or inconvenience regular full-fare passengers."

CONGRESSMAN FORD said he was especially concerned about extending the benefits of reduced air fares to elderly persons.

"We are all aware of the special needs of youth and military personnel, but many find it too easy to forget

about our senior citizens, and our very special obligations to them. An older person, having worked 30 to 50 years, retires to enjoy more leisure time, but often finds that he cannot afford air travel. Yet, these are the very people who have the time and the greatest need to visit their children and grandchildren, often located in distant states."

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Huron Township Planning Commission will hold a Public Hearing on March 31, 1969, at 7:30 P.M., Eastern Standard Time, at the Township Offices, located at 37290 Huron River Drive, New Boston, Michigan, on the following proposed Amendment to the Zoning Map:

To change parcel Item 01A1 consisting of 6 acres, to an M-1 Zoning District. This parcel is more commonly identified as being the Lang Feed Company, which is located on the southwest corner of Inkster Road and Pennsylvania.

A copy of the Tentative Zoning Map may be examined at the Township Offices during business hours from 9:00 A.M. to 4:30 P.M. on week days until date of Public Hearing.

HURON TOWNSHIP PLANNING COMMISSION
WILMA J. WILSON, Township Clerk

March 5, 26, 1969

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Romulus Township Planning Commission will hold a Public Hearing on March 27, 1969, at 7:00 P.M. Eastern Standard Time, at the Township Offices, located at Goddard and Sterling, Romulus, Michigan, on the following proposed Amendment to the Zoning Map.

To rezone a part of Section 36, T. 3 S., R. 9 E., Romulus Township, described as beginning at the W. 1/4 corner of said Section 36. Thence along the W. Section Line N. 0 degree 47' 22" E., 43.00 feet; thence S. 89 degree 31' 57" E., 253.00 feet; thence 215 feet along curve to the right (having a cord of 212 feet and a radius of 505 feet); thence along E. W. 1/4 line S. 89 degree 31' 57" E., 290.00 feet; thence N. N. 0 degree 37' 44" E., 665.57 feet; thence S. 89 degree 35' 56" E., 571.20 feet; thence S. 0 degree 28' 07" 666.29 feet; thence along E. W. 1/4 Line S. 89 degree 31' 57" E., 1285.10 feet; thence S. 0 degree 28' 03" W., 316.02 feet; thence S. 89 degree 31' 57" E., 32.75 feet; thence N. 89 degree 08' 24" E., 1318.06 feet; thence S. 0 degree 13' 10" W., 1606.36 feet; thence N. 89 degree 50' 30" W., 60 feet; thence S. 0 degree 13' 10" W., 726.00 feet; thence along S. Section Line N. 89 degree 50' 30" W., 1259.44 feet; thence along the N-S 1/4 Line N. 0 degree 15' 18" E., 1414.80 feet; thence N. 89 degree 26' 21" W., 1323.07 feet; thence S. 0 degree 15' 40" W., 82.77 feet; thence N. 89 degree 26' 19" W., 1323.08 feet; thence along W. Section Line N. 0 degree 16' 02" E., 1492.88 feet to the point of beginning, to an R-1-B Zoning District.

This property is more commonly identified as being located east of Middlebelt, north of Pennsylvania and mostly within the south one-half of Section 36.

A copy of the Tentative Zoning Map may be examined at the Township Offices during business hours from 9:00 A.M. to 4:30 P.M. on week days until date of the continued public Hearing.

ROMULUS TOWNSHIP PLANNING COMMISSION
Alfred J. Perry, Township Clerk

March 5, 26, 1969

CITY OF BELLEVILLE COUNCIL PROCEEDINGS

(Continued from, Page 26)

EXHIBIT A

Principal Amount of \$200,000.00 to be paid by CITY to the BOARD in annual installments on October 1st in the years and in principal amounts as follows:

Year	Principal	Year	Principal
Due	Amount	Due	Amount
1970	\$ 5,000	1980	\$10,000
1971	5,000	1981	10,000
1972	5,000	1982	15,000
1973	5,000	1983	15,000
1974	5,000	1984	15,000
1975	10,000	1985	15,000
1976	10,000	1986	15,000
1977	10,000	1987	15,000

The CITY shall also pay to the BOARD interest on the principal installments unpaid at the rates and at the times specified in paragraph 7 of the contract.

5. A copy of this resolution shall be published in the Enterprise Roman of Belleville, Michigan, within ten (10) days from the adoption of this resolution.

6. The Mayor and the City Clerk of the City of Belleville are authorized to execute the contract approved by this resolution upon the expiration of thirty (30) days from the date of publication of this resolution; unless, under the provisions of Section 5b of Act 342, Public Acts of Michigan, 1939, as amended, said execution is stayed by reason of the necessity of prior approval of said contract by the qualified electors of the City.

7. All resolutions and parts of resolutions insofar as the same may conflict with the provisions of this resolution be and the same hereby are rescinded.

AYES: Councilmen Walters, Palmer, Boone, Amerman, Smith.

NAYS: Councilmen None.

RESOLUTION DECLARED ADOPTED.

Irwin W. Stech
City Clerk

I hereby certify that the foregoing is a true and complete copy of a resolution adopted by the City Council of the City of Belleville, County of Wayne, State of Michigan, at a Regular Meeting held on March 17th, 1969, and that public notice of said meeting was given pursuant to Act No. 261, Public Acts of Michigan, 1968, including in the case of a special or rescheduled meeting notice by publication or posting at least 12 hours prior to the time set for the meeting.

Irwin W. Stech
City Clerk

Motion by Boone, seconded by Amerman, that the meeting be adjourned.

Carried: Unanimously.

Irwin W. Stech
City Clerk

NOTICE ANNUAL TOWNSHIP MEETING AND BUDGET HEARING

NOTICE IS HEREBY GIVEN that the next Annual Township Meeting and Budget Hearing of the Electors for the Township of Sumpter, County of Wayne, State of Michigan will be held at

SUMPTER TOWNSHIP HALL
23483 Sumpter Rd.

Pursuant to Act 104 of Public Acts of 1956, Section 168, 361 of the compiled laws of 1948, being Michigan Statutes Annotated, Section 6.1361, as amended.

The meeting will begin promptly at
